***The fire person should be in proper uniform with fire helmet, safty shoes and gum boots.**

Commencement of work:

The work shall commence within 10days of placement of work order.

Period of Completion:

28 (twenty eight) days from date of commencement of the work (including Sundays).

Payment:

1 (one) R.A. bill and Final bill shall be paid.

Escalation Clause:

Escalation on Minimum wages, PF, Bonus, ESIC, etc. shall be payable as per given formula:

$$E = \{R \times (W_1 - W_0) \times 0.8\} / W_0$$

Whereas, E = Escalation cost
 R = Total value of bill for the month
 W₀ = Min. wage at the time of opening of tender
 W₁ = Min. wage after revision for the month.

Insurance:

You have to arrange Insurance (ESI) coverage for manpower engaged for the work.

Award of contract:

Contract for labour supply will be fully awarded to L1 bidder.

Penalties:

The Contractor will maintain the following standard of service:-

Attendance :

The bidder shall provide the exact number of fire service staff everyday as laid out in the contract. Attendance will be jointly certified by the contractor and the Engineer In-charge at the beginning of each shift. Failure to do so will render penalty on the contractor which will be worked out as follows :-

Number of fire person less x One day salary.

Late reporting in duty will not be accepted; Firemen of the Contractor will not be taken on duty in case they report late for duty and will be marked absent calling for penalty as mentioned in 1(a).

Turnout: All the fire personnel provided by the Contractor will be properly turned out. The Contractor should ensure correct turnout of its fireman before deputing for duty. Improper turnout detected during attendance fall-in in the beginning of each shift will be brought to the notice of the Contractor's representative by Company's representatives. These also include hair cut and personal hygiene. Opportunity to improve the turnout and report back for duty within 30 minutes will be given. Failure to do this will be marked as absent and render penalty on the contractor which will be worked out as follows :-

Number of fire person less x One day salary.

Discipline: All the fire personnel provided by the contractor will always be alert on duty. Laxity on the part of the firemen evident due to surprise checks and routine rounds by company representatives will render the firemen liable for either removal from duty or disciplinary action by the contractor depending upon the gravity of slackness. However circumstances leading to removal of firemen will call for penal deduction and render penalty on the contractor which will be worked out as follows :-

Number of fire person less x One day salary.

Rejection of Contract:

If concerned Engineer-in-Charge finds that jobs are not being done properly and there are slackness in work or progress is not satisfactory, then reminder shall be issued to the party for the improvement and even then if not improved then contract shall be cancelled.

Discrepancies and Adjustment of Errors:

- a. If there are varying or conflicting provisions made in any one document forming a part of the Contract, the accepting authority shall be the deciding authority with regard to the intention of the document.
- b. If on check there are found to be difference between the rates given by the Contractor in words and figures or in the amount worked out by him in the schedule of quantities and general summary the same shall be adjusted in accordance with the following rules:
 1. In the event of discrepancies between description in words and figures quoted by a Tenderer, the description in words shall prevail.
 2. In the event of error occurring in the amount column of schedule of quantities as a result of wrong extension of the Unit rate and quantity, the Unit rate shall be regarded as firm & extension shall be amended on the basis of the rate.
 3. All errors in totaling in the amount column and carrying forwarded totals shall be corrected.

Medical:

Medical fitness certificate for all employed persons from recognized doctor must be submitted to safety officer of UCIL before start and completion of the work.
