

Specifications of LED flood lights

Wattage: 350W, Rated Voltage: 240VAC, Freq: 50Hz

System Lumen efficacy: $>100 \text{ Lm/W}$, PF >0.95 , CCT: 5700K

CRI >70 .

Highly energy efficient LED flood light with lens designed for outdoor applications offers uniform light distribution with excellent energy savings and maintenance free operation

Housing: Epoxy powder coated pressure die casted Aluminium housing enclosed with heat resistant & toughened glass

Features:

1. High performance, isolated contact current electronic drivers
2. Open & short circuit ~~fault~~ protection, reverse polarity protection, surge protection of 5KV internal.
3. Operating voltage range: 140-270V AC.
4. Operating temperature: -10°C to $+50^{\circ}\text{C}$.
5. Average life L70 B50 : 50k Hrs

Mounting:

Through Bracket.

Degree of Protection

IP66.
