

# ANNEXURE

## SPECIFICATIONS(5 CORE, 16 SQ.MM TRAILING CABLE)

**Type:** FT 7

**Conductor:**

- a) Material: Annealed tinned copper IS:8130/84
- b) Nom. Cross sectional area: 16 sq.mm (power and pilot core)  
16 sq.mm. (bare earth conductor)

**Insulation:** Elastomeric compound EPR type IE-2 of IS 6380/84  
Voltage grade: 1100 volts

**Size:** 5 Core

3 core x 16 sq.mm.(126/0.40 mm.) screened power core + single core x 16 sq.mm.(126/0.40 mm.) screened pilot core + single core x 16 sq.mm (126/0.40 mm.) bare earth conductor

**NOTE:**

- 1) Please submit manufacturer test certificate, guarantee certificate and DGMS certificate along with the supply.
- 2) Drum length: 100 metres
