

Gas Dissolved Acetylene Terms & Conductions			
1	SCOPE OF SUPPLY		Supplier should be able to supply DA as per actual requirement in 7 Cu.Mtr. Cylinder and supply 10-15 cylinders per day/trip during UCIL peak requirements like in major repair and maintenance work of plant which may be for one-two occasions in a year. Vendor should keep 40-50 cylinders exclusively for UCIL for rotation of empty cylinders in order to maintain the regular supply.
2	QUANTITY		3150 Cu.Mtr.
3	DESPATCH LOCATION		Materials to be delivered at our Jaduguda Central Stores.
4	PERIOD OF CONTRACT		The period of contract shall be 6 months from the date of placement of PO
6	SPLITTING OF PURCHASE ORDER		To ensure smooth supply, effort will be made to split the order quantity on L1 (Lowest) & L2 (Second Lowest) two non-related bidders in the ration of 60% & 40% respectively subject to matching of L1 bidder's landed price by the L2 bidder. However, incase L2 bidder does not match the L1 bidder's price then same opportunity will be given to L3 bidder to supply the material at L1 bidder's landed price only and so on if none of the bidder agree to match L1 bidder's price then order for 100% Quantity will be awarded on L1 bidder. In case of tie or under other inconclusive situations then UCIL's decision towards award of order will be final and binding upon participated bidders.
7	SPECIAL CONDITIONS (if applicable)	a	Material to be delivered in compliance with Gas cylinder Rule, 2004
		b	Cylinder holding limit should be kept as 40-50 Cylinders & period will be based on UCIL requirement and UCIL will pay the holding charges as per order.
