SECTION – II

DETAILED NOTICE INVITING TENDER
 DETAIL NOTICE INVITING TENDER

Sealed item rate contract tenders are invited on behalf of the Chairman & Managing Director, Uranium Corporation of India Limited, Jaduguda for Modification of high tension 6.6 KV 2nd circuit Over head line work at Bhatin Mines. Modification of 6.6KV overhead lines between UCIL Jaduguda MRS sub-station to Bhatin Mines.

Note: There are two 6.6 KV overhead lines between UCIL Jaduguda MRS sub-station to Bhatin Mines.

1. The tender shall be in prescribed Form and it shall be valid for a minimum of six months from the date of opening of tender. Should the tenderer modify or withdraw his tender within the said period of three months from the date of opening the tender, Earnest Money deposited by the tenderer shall be forfeited.

2. The works are required to be carried out as given in the Special conditions of Contract from the seventh day after the date on which the Engineer-in-charge issues written orders to commence the work or from the date of handing over of the site, whichever is later, in accordance with the phasing, if any indicated by the Corporation in the tender documents.

3. Normally contractors whose names are borne on the approval list of contractor of C.P.W.D/M.E.S. or Local reputed/experienced contractors will be permitted to tender. Not more than one tender shall be submitted by a firm of Contractors.

4. Chairman and Managing Director shall be the Accepting Officer herein after referred to as such for the purpose of this contract.

5. Application for issue of tender documents shall be submitted to GM (P&IR), Jaduguda so as to reach his office not later than 08.08.2016 up to 03.00 PM.

6. A tenderer shall produce an Income Tax Clearance Certificate before tender documents can be issued / sold to him.

7. Submission of a tender by a tenderer implies that he has read this notice and all other contract documents and has made himself aware of the scope and specifications of the work to be done and of considerations and rates at which stores, tools and plants, etc. will be issued to him by the corporation and local conditions and other factors bearing on the execution of the work.

8. A tenderer should quote in figures as well as in words. The amount for each item should be worked out and the requisite totals given. Special care shall be taken to write rates in figures as well as words, and the amounts in figures only in such a way that interpolation is not possible. The total amount shall be written both in figures and in words. In case of words ‘Paisa’ after the decimal figures, e.g. Rs.2.15p and in case of work the words ‘Rupees’ should precede and the words ‘Paisa’ should be written at the end unless the rate is in whole rupees and followed by words ‘only’ it should invariably be up to place of decimal.
9. All rates shall be quoted on the tender form in triplicate.

10. In the case of item rate tender, only rates quoted shall be considered. Any tender containing percentage below/above the rates quoted is liable to be rejected.

11. The tender for the works shall not be witnesses by a contractor or contractors who himself/themselves has/have tendered for the same works. Failure to observe this condition shall render the tender of the contractor tendering as well as of those witnessing the tender liable to rejection.

12. Tenders shall be received by GM (P&IR) up to 3.00 PM on the 08.08.2016 and shall be opened at 3.30 PM on same date in the presence of tenderers who may be present.

13. The tender shall be accompanied by Earnest Money of Rs. 19,170/- (Rs. Nineteen thousand one hundred seventy only) in the form of DD/TDR/BG in favour of Uranium Corporation of India Limited, Jaduguda payable at State Bank of India, Jaduguda.

14. The Uranium Corporation of India Limited, Jaduguda is connected by both rail and road links and situated on the Howrah – Mumbai line of S.E. Railway at a distance of 232KM, from Howrah and 27 KM from Tatanagar. The name of the railway station is Rakha Mines. Jaduguda is at a distance of about 35 KM from Tata by road on Tata – Musaboni road, the main plant is located at about 5 KM from Rakha Mines Railway station.

15. Uranium Corporation of India Limited, Jaduguda will return the Earnest Money without any interest to unsuccessful tenderer on production by the tenderer of a certificate of Ch.Supdt.Elect.(Jaduguda Mines). A tenderer shall submit the tender which satisfied each and every condition laid down in this notice, failing which, the tender will be liable to be rejected.

16. The corporation does not bind themselves to accept the lowest or to give any reasons for their decision.

17. The corporation reserve to themselves the right of accepting the whole nor any part of the tender and tenderer shall be bound to perform the same at quoted rates.

18. Sales tax or any other tax on materials in respect of this contract shall be payable by the contractor and the corporation will not entertain any claim whatsoever in this respect.

19. This notice of tender shall form part of the contract documents.

For Chairman & Managing Director
Uranium Corporation Of India Limited.

BANK GUARANTEE FORM FOR EARNEST MONEY

This deed of Guarantee made this___________ day __________ of Two thousand__________ by_________________________(Bank hereinafter referred to as the Guarantor) in favour of M/s.Uranium Corporation of India Limited (A Government of India Enterprise) PO. Jaduguda Mines, Dist.East Singhbhum, Jharkhand-832102 (hereinafter called “UCIL”) which expression shall unless repugnant to the context or managing thereof be deemed to include its successors and assigns. Whereas M/s. ________________ (hereinafter referred to as Contractor) is required to pay to UCIL a sum of Rs._______________ in the form of Bank Draft as Earnest Money in respect of their proposal No._________ dated ___________ against NIT No._____________________ dated ___________ for the works as per terms and condition specified in NIT.

And whereas the contractor has requested UCIL to exempt them from payment of Earnest Money in Bank Draft and in lieu of the Contractor depositing Earnest Money in Bank Draft, UCIL has agreed to accept a Bank Guarantee for equivalent amount.

And whereas the Contractor has approached the Guarantor and at their request and in consideration of the agreement arrived at between the Contractor and the Guarantor, The Guarantor gives the guarantee as hereinafter mentioned in favour of UCIL.

NOW THIS DEED OF GUARANTEE WITNESSES AS FOLLOWS:

1. In consideration of UCIL having agreed to the said Contractor furnishing a Bank Guarantee in lieu of Earnest Money in Bank Draft for a sum of Rs._______________ the Guarantor do hereby consent irrevocably to undertake and promise to pay a sum of Rs.___________________ to UCIL without demur and merely on demand from them, in case the contractor make any default or commits any breach in the performance, observance or discharge of the terms and conditions contained in the said Tender.

2. The Guarantor further agrees that UCIL shall be the sole judge as to whether the said Contractor has committed any breach of default in the performance, observance or discharge of the terms and conditions of the said Tender and the decision of UCIL shall be final and binding on the guarantor irrespective of the fact whether the Contractor admits of denials the default or questions the correctness of any demand made by UCIL in any court or Tribunal or Arbitration proceedings or before any Authority.

3. It shall not be necessary for UCIL to proceed against the said Contractor before proceeding against the Guarantor and the guarantee herein contained shall be enforceable against the guarantor notwithstanding any security which UCIL may have obtain against the guarantor notwithstanding any security which UCIL may have obtained from the Contractor, shall at the time when proceedings are taken against the guarantor, remain outstanding or un realised.

4. The guarantee herein contained shall remain in full force and effect and the Guarantor shall be liable under the same irrespective any concession or time being granted by UCIL to the contractor and the guarantee shall remain in full force and effect irrespective of any other change in terms, conditions, stipulations or any variations in the terms of the tender and irrespective of whether notice of such change or variation is given to the guarantor or not and the claim to receive such notice of any change and/or variation of the terms and conditions of the said tender is hereby specifically waived by the guarantor.

5. The guarantor hereby agree that it shall not be released from this guarantee by any forbearance, exercise or non-exercise of any of the powers of heights under the Tender by
UCIL, against the Contractor or by any other matter or thing whatsoever which under the law relating to the sureties would but for this provision have effect of so releasing the Guarantor irrespective of whether notice of such forbearance, exercise or non-exercise of any of the powers or rights under the Tender is given to the Guarantor or not.

6. The Guarantee herein contained shall not be determined or prejudiced by the liquidation or winding up or insolvency or any change in the constitution of the Contractor but shall in all respects and for all purposes be binding and operative until all payments or all moneys due or this may hereafter become due to UCIL are paid in respect of any liability or obligation of the Contractor under the tender subject, however, that UCIL shall have no right under this guarantee after expiry of the validity of this guarantee unless this guarantee is extended by mutual agreement.

7. The guarantor hereby undertake not to revoke this guarantee during the period it is in force except with the previous consent of UCIL in writing.

8. Any claim or dispute arising under this guarantee shall be enforced settled in the courts of law at Jamshedpur, Jharkhand State.

9. The guarantor hereby declares that it has power to execute this guarantee under its Memorandum and Articles of Association and the Executants has full powers to do so on its behalf under the power of Attorney dated ___________ granted to him by the proper authorities of Guarantor.

10. IN WITNESS whereof the ___________________________ (Bank) has hereunto set and subscribed its hands the day, month and year first above written.

11. Notwithstanding anything contained herein above our liability under the guarantee is restricted to Rs. _________________ and ______________ will remain valid till ________________ (date) unless an action to enforce a claim under the guarantee is filed against us within ________________. Such claim shall lapse and we shall be discharged from all liabilities under the guarantee.

GENERAL INFORMATION AND GUIDANCE FOR CONTRACTOR
GENERAL INFORMATION AND GUIDANCE FOR CONTRACTOR

The information given below is only for the Tenderer's general guidance and shall not relieve him of the responsibility for fully detailed first hand site investigations of his own before tendering:

1. Rates : The tenderers are required to quote the rates against all items of the schedule of quantities in words and figures clearly in duplicate (2nd & 3rd copies shall necessarily be Xerox/carbon copy of the original) failure in this respect is liable to render the tender incomplete.

2. The Tenderer shall submit along with the tender a list of construction equipment and machinery in their possession and which they shall bring at site for these construction site.

3. If any clarifications regarding specifications, conditions of contract etc. or schedule of quantities is required, the same can be obtained by the Tenderer from the Uranium Corporation Of India Limited.

4. In the event of the tender being submitted by a firm (Partnership) it must be signed separately by each member thereof, or in the event of the absence of any partner it must be signed on his behalf by a person holding a power of attorney authorizing him to do so, such power of attorney to be produced with the tender, and it must disclose that the firm is duly registered under the India Partnership Act.

5. Receipts for payments on account of a work when executed by a firm (Partnership) must also be signed by the several partners except where the contractors are described in their tender as a firm in which case the receipts musty be signed in the name of the firm by one of the partners, or by some other persons having authority to give effectual receipts for the firm.

6. Any person who submits a tender shall fill up the usual prescribed form stating at what rate he is willing to undertake each item of the work. The quantities shown therein are approximate only, being given as an indication of the scope of the work to enable the Tenderer to tender for the different portions of the work in accordance with his estimate of their cost, so that in the event of any increase or decrease in the quantity of any item of the work the actual quantities executed may be paid for at the rate stated for the particular item of work subject only to any adjustments that may be provided for in the General Conditions. It is to be clearly understood that no work will be paid for under more than one item or than once under any item.

7. The tenderer is required to deposit as Earnest Money Rs. 19,170/- (Rs.Nineteen thousand one hundred seventy only) in the form of DD/TDR BG in favour of Uranium Corporation of India Limited, Jaduguda payable at State Bank of India, Jaduguda. The Earnest Money will be refunded to the unsuccessful tenderers within a reasonable time without any interest. The Earnest Money deposited by the successful tenderer will be retained till the deposit of the Security amount, but shall be forfeited if the contractor fails to deposit the requisite security amount, execute the agreement/or start the work within reasonable time (to be determined by the Corporation after written acceptance of his tender).

8. Security Deposit :

The amount of Security Deposit including the amount of EMD money shall be 10% of the value of the order. Upon acceptance of the tender, the successful tenderer, shall within ten days of the written acceptance of his tender, deposit with the Corporation an amount to make the security Deposit 5% (five percent) of the value of the work order. Such sum shall be deposited by the contractor in any forms of DD/TDR BG. The BG if preferred shall be required to be executed as per the BG format enclosed in section –iii forms of tender.
In addition to the above, further amounts to extent of 5% of the cost of the work will be deducted from the running bills by way of percentage deductions, such percentage deduction shall be 10% of the running monthly bills till the full amount of security deposit is retained by the corporation.

9. If after the tender has been accepted, the tenderer fails to pay the security deposit as specified above, after written notice to him of such acceptance, the sum deposited by him as Earnest Money may be forfeited. The tenderer shall not be allowed to increase, amend or withdraw his tender within six months (the validity period of the offer) from the date of opening of the tender and if he does so the Earnest Money may be forfeited.

10. The officer inviting tenders shall have the right to reject all or any of the tenders, and will not be bound to accept the lowest.

11. The memorandum, the form of tender and the schedule of materials to be supplied by the corporation and their issue rates should be filled and completed in the office of the Corporation before the tender form is issued. If a form is issued to an intending tenderer without having been so filled in, and complete he shall request corporation to have this done before he complete and delivers his tender.

12. The tenderer shall furnish satisfactory evidence that he has a true appreciation of the scope of the work, the ability and experience to perform the various clauses of work involved, and that he has sufficient capital and plant to enable him to prosecute to same successfully and to complete it in the time named in the contract. In compliance with this, the tenderer shall along with tender furnish a list of major works executed by him during three previous years, the Bank with which he has dealings, the Bankers certificate a copy of the profit and loss account and balance sheet for the year proceeding the year in which the tender shall be submitted and income tax and sales tax clearance certificate, for the latest year.

13. Each of the tender document is required to be signed by the person or persons submitting the tender in his/their hand writing in token of his/their having acquainted himself/themselves with the General Conditions of Contract, General Specification, Special Conditions etc. as laid down. Any tender with any of the documents not so signed will be liable to rejection.

14. The tender form must be filled in English and all entries must be made by handwritten in ink. All the rate must be filled both in words and figures. If any of the documents is missing or unsigned, the tender will be considered invalid. All erasures and alterations made while filling the tender must be attested by dated initials of the tenderer. Over writing of figures is not permitted to comply with any of these conditions after the opening of the tender will be entertained.

15. Item rates should be submitted in triplicate, for this purpose no extra copies of schedule of quantities are enclosed.

16. All pages of the tenderers offer, drawing and other accompanying documents shall be signed with company seal at the lower right corner in ink only and signed where required by the tenderer or any person holding power of attorney authorizing his sign on behalf of tenderer before submission of tenderer. All signature shall be dated as token of acceptance of the tenderer document.

17. Commencement of work:

Work will commence within 2 (two) weeks from the date of issue of work order. Contractor will report to the Engineer Incharge, UCIL immediately on receipt of work order for further instructions for carrying out the job. A letter duly signed under contractor’s official seal as a token of acceptance of all terms & conditions of work order must reach in the office within 2 (two) days of receipt of the order. Contractor shall submit work commencement letter in duplicate to the Engineer Incharge - UCIL within 2 (two) days.
of start of work at site as statutory requirement for onward transmission to the competent authority, Govt. of India, Ministry of Labour, Jharkhand. The work order no. & date as well as name of work must be quoted in all correspondences.

18. Completion period of contract:
Period of contract will be applicable as mentioned in the N.I.T. / Enquiry Letter, special conditions of contract, scope of work, etc. of contract document (Date of commencement will be reckoned from the date of start of work at site).

19. Delay in Completion
If the contractor fails to complete the works or sections thereof in accordance with the contract within the time for completion the purchaser shall be entitled on giving to the contractor notice in writing to a reduction of the contract sum as liquidated damages of an amount calculated at 1/2% of the contract sum for each week between the time for completion and the actual date of completion but the reduction shall not in any case exceed 5% of the contract sum. Such reduction shall be to the exclusion of any other remedy of the purchaser in respect of the contractor's failure to complete the work, and shall not release the contractor for any of its other obligations under the contract.

20. FORE CLOSURE OF CONTRACT IN FULL OR IN PART
If at any time after acceptance of the tender, the Corporation shall decide to fore-close or reduce the scope of the works and hence not require the whole or any part of the work to be carried out, the Engineer-in-charge shall give notice in writing to that effect to the Contractor.

a) In the event, any action is taken by Purchaser in terms of clause 32.0 bearing above, the Contractor shall be paid at contract rates full amount for works executed at site as per billing schedule and in addition, a reasonable amount as certified by the Engineer-in-charge for the items hereunder mentioned which could not be utilised on the work to the full extent because of the foreclosure.

Any expenditure incurred on preliminary site work e.g. temporary access roads, temporary labour huts, staff quarters and site office, storage, accommodation and water storage tanks.

b) i) The Corporation shall have the option to take over Contractor’s Materials or any part thereof either brought to site or of which the Contractor is legally bound to accept delivery from suppliers (for incorporation in or incidental to the work), provided however, the Corporation shall be bound to take over the materials or such portions thereof as the Contractor does not desire to retain. For materials taken over by the Corporation, cost of such materials shall, however, take into account purchase price, cost of transportation and deterioration or damage which may have been caused to materials whilst in the custody of the Contractor.

ii) For Contractor’s materials not retained by the Corporation, reasonable cost of transportation of such materials from site to Contractor’s permanent stores or to his other works, whichever is less. If materials are not transported to either of the said places, no cost of transportation shall be payable.

c) If any materials supplied by the Corporation are rendered surplus, the same except normal wastage shall be returned by the Contractor to the corporation at rates not exceeding those at which these were originally issued less allowance for any deterioration or damage which may have been caused whilst the materials were in the custody of the Contractor. In addition, cost of transporting such materials from site to the Corporation stores if so required by the Corporation.

d) Reasonable compensation for transfer of Tools & Plants from site to Contractor’s permanent stores or to his other works, which ever is less. If T & P are not transported to either of the said places, no cost of transportation shall be payable. The Contractor shall if required by the Engineer-in-charge furnish to him books of account, wage books, time sheets and other relevant documents as may be necessary to enable him to certify the reasonable amount payable under this condition.

21. Payment:
Bill(s) will be paid as mentioned in clause “Payment Terms” of the special conditions of contract, scope of work etc. of contract document. Payment will be released after satisfactory completion of the work in all respect and certification by the Engineer Incharge, UCIL within 30 days of submission of clear bill(s) in 4 (Four) copies in tenderer’s letter head. Contractor shall also mention work order no., date as well as name of work and actual date of commencement of work in their every bill(s). Final bill will be released only after submission of Labour Report / Annual Return (in prescribed format) in the
month of January & after completion of whole work) and work completion letter in duplicate by the contractor.

22. Insurance:

The contractor shall ensure & maintain insurance against his liability for accident or injury to workmen or machineries used for the work and shall submit 2 (two) copies of the policy & receipt(s) of premiums paid or satisfactory evidence of insurance coverage at their own cost valid for whole contract period at a time for all the persons to be engaged to the Engineer Incharge, UCIL before the commencement of work. Contractor shall also submit the proof of renewal of the same policy at least 2 (two) days before the expiry date of the previous policy to the Engineer Incharge, UCIL. The contractor will not be allowed to carry out any activity without necessary insurance coverage (mentioning working height depend upon the job requirements and as per insurance rules) of their persons. Insurance policy shall also indemnify UCIL against any claim raised by the injured / affected workmen or his family.

23. Safety Rules & Regulations for contractor’s employees:

UCIL’s Safety Rules & Regulations for contractor’s employees as given in the Annexure-B will be complied strictly during the execution of various works at site. Contractor has to follow the Safety Rules & Regulations as per Indian Electricity Rules to do the electrical works. UCIL shall not provide any safety appliances and tools & tackles under any circumstances. Contractor shall ensure the use of safety appliances during the work at site. Contractor will take full safety measures and arrange the necessary safety gadgets / appliances, tools & tackles, helmet (Yellow colour), gumboot, safety belt, shockproof shoe, safety suit / uniform, goggles, gloves, apron, safety net, nose guard, ladders, trolley, wheel borrow etc. at their own expense approved by the Safety Officer (Mines), UCIL so as to ensure that no damage, loss or injury to corporation's personnel, contractors' personnel, third party or equipment are caused due to the work being carried out by contractor. Contractor must report in writing (duplicate) to the Engineer-Incharge or Safety Officer (Mines)-UCIL immediately on becoming aware of any accident at their site. Safety Officer (Mines) will be the competent authority to stop the work or remove the persons from job, if contractor fails to provide personal protective equipments before the commencement of work at their own cost during work execution period.

24. Safety Rules & Regulations and Entry Passes:

Contractor shall strictly abide by the prevailing security rules and regulations and also to be enforced by UCIL time to time. Entry to the works premises is strictly restricted and only bonafide pass (permission) holders are allowed. The contractor will have to submit the details of the persons to be employed for this work within two days of award of work. The contractor will be allowed to start the work only after submission of the details in prescribed verification forms (in duplicate) along with passport size photographs for each labourer separately to the Competent Authority, UCIL. Contractor will make necessary Entry Passes from concerned officials of CISF Unit, UCIL sufficiently in advance.

25. Tax & Duties:

The quoted rate(s) should be exclusive of all taxes, duties, insurance charges and personnel protective equipments charges but excluding service tax, if applicable which has been discussed in the Special Conditions. And imposition of any new taxes / duties by the State Govt. or Central Govt. during the contract execution period will also be paid by the contractor. Hence, no other taxes, duties and royalty, etc. would be paid extra. Offers with price variation clause will be out rightly rejected.

26. Price Escalation:

No price escalation shall be applicable for this contract.
27. Labour Acts & Rules :-

The contractor shall (in respect of labourers employed by him) strictly comply with provisions of the following Act & Rules made thereunder in regard to all matters provided therein or any modifications thereof or any other law relating thereto from time to time.

i) Workmen Compensation Act-1923,
ii) Payment of wages Act-1936
iii) Employees Liability Act,1938
iv) Industrial Dispute Act,1947
v) Minimum Wages Act,1948
vi) Employees State Insurance Act,1948
vii) Mines Act, 1952
viii) EPF & MP Act, 1952
ix) Maternity Benefit Act,1961
x) Contract Labour (Regulations & Abolition) Act, 1970
xi) Inter - State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979

28. Validity :-

The offer should remain valid for a minimum period of 06 (six) months from the date of opening of the final price part. The Tenderers shall not be allowed to increase, amend or withdraw his tender within this period and if he does so the earnest money deposit and security deposit may be forfeited.

29. Muster Roll :-

The contractor has to submit a copy of the muster roll every week to the Engineer Incharge / Site Incharge , UCIL after making minimum rate of wages payable to different categories of workmen covered under Minimum Wages Act,1948 in presence of the representative of UCIL & contractor will also make arrears payment if any, under intimation to the Engineer Incharge-UCIL.

30. Contract Agreement :-

Contract Agreement should be executed in prescribed format on a non-judicial stamped paper within 2 (two) weeks from the date of issue of work order / L.O.I. However, no payment will be made without execution of contract agreement.

31. Training , etc. :-

Contractor shall have to bring all their labourers for necessary training & guidance in Mines Training Centre at their own cost before actual commencement of the work. The work shall be carried out with the help of experienced / skilled persons or ITI with NCVT certificate holders or equivalent, etc. And Supervisor having Supervisory Certificate of Competency is to be engaged for supervision or as per direction of the Engineer-In-charge. Persons holding H.T. Licence of relevant section as per I.S. will be allowed to do the job of electrical works. Contractor shall have to submit a letter of authorisation (in duplicate) in favour of his experience / qualified and responsible representative as “Site Supervisor” to look after the work site and receive official letters and instructions or to issue / receive materials from stores in absence of main contractor at site.
1.00.0 Scope of Work.
1.01.0 Scope of Supply.

1.01.01 The work involves timely procurement and transportation to site, of all items as mentioned in Schedule – ‘B’ in properly packed condition. The items which are not specifically mentioned in Schedule – ‘B’ but require to complete the job, shall be deemed to have been included in Schedule – ‘B’ and to be supplied by the bidder.

2.00.00 Scope of Services.

2.01.01.1 Furnishing of all labour, skilled and unskilled, supervisory personnel, erection tools and tackles, testing equipment, implements, supplies consumables and hardware and transport for timely and efficient execution of the contract work.

- There are certain items which will be supplied by UCIL on free of cost basis. Those items are specified in Schedule – ‘A’. Transportation of such free issue items from Jaduguda to site lies within the scope of the contractor. The cost of receiving, loading, transportation, insurance, unloading, storage & handling of such items may be included against the jobs mentioned in Schedule – ‘B’.

2.01.01.2 The item of work to be performed on all equipment and materials shall include but not be limited to the following:-

a. Receiving, unloading and transportation at site.
b. Opening, inspecting and reporting all damages & short supply items.
c. Arranging to repair and/or re-order all damaged or short supply items.
d. Storing at site with suitable weather protection.
e. Complete assembly, erection and connection.
f. Final check up, testing and commissioning after rectification of faults.
g. Obtaining Engineers approval and owners written acceptance of satisfactory performance.

2.01.01.3 Field modifications carried out shall be marked up in red on one (1) set of erection drawings and submitted to the owner for preparation of As Built Drawings.

3.00.00 Exclusion from scope of works.

3.01.00 Supply of the following materials:

a. As specified in schedule ‘A’.

4.00.00 General Requirements.

4.01.00 Codes and Standards.

4.01.01 Allequipments and materials shall be designed, manufactured and tested in accordance with latest applicable Indian Standards (IS) except where modified and/or supplemented by this specification.
4.01.02 All electrical installation shall meet the requirements of Indian Electricity Rules as amended up to date and relevant IS codes of practice in addition, other rules or regulations applicable to the work shall be followed. In case of any other discrepancy, the more restrictive rule shall be binding.

4.02.01 Schedule of Items.

4.02.01 The quantities shown on the schedule of items are tentative for bidding purpose only. Any variation arising during detailed engineering state will be taken into account for adjustment of contract price based on unit rates quoted in the bid.

4.03.00 Completeness of supply.

4.03.01 Any material or accessory which may not have been specially mentioned but which is necessary or usual for satisfactory and trouble free operation and maintenance of the equipment shall be furnished without any extra charge.

4.04.00 Deviation.

4.04.01 Should the bidder wish to deviate from this specification in any way, he shall draw specific attention to such deviation before executing the work.

4.05.00 Record of past experience.

4.05.01 Necessary information about the financial and technical resources, organization and experience to undertake the supply and installation of such system/equipment shall be supplied by the bidder as an evidence his capability for satisfaction of the owner.

4.05.02 The bidder shall submit along with his bid a list of major contracts of supply and erection of similar system equipment already executed or under execution giving detailed particulars such as equipment rating, contract value, name of the owner, year of commissioning etc.

4.06.00 Site Condition.

4.06.01 The work specified herein will be carried out at UCII, Bhatin Mines. In case of breakdown in overhead line, or any rectification work to be carried out in overhead line, the work will be carried out along the overhead line from UCIL JadugudaMRS to MRS situated at Bhatin Mines.

4.06.02 The job site is situated at Bhatin in District Singhbhum East at a distance of about 04 KM from jaduguda.

4.06.03 Equipment shall be packaged for transportation so as to meet the space and weight limitation of transport facilities.

4.06.04 For the purpose of equipment design, the following data shall be taken into consideration:

a. Average grade 120 M above sea level
b. Ambient air temperature 50ºC
c. Relative humidity 100% maximum
d. Wind pressure Kg/m²
e. Isoceraunic level
f. Seismic zone 11 asper IS : 1893

5.00.00 Specific Requirements (Supply).

5.01.0 Equipment & Materials.

5.01.01 Equipment & Materials, which will be issued to the contractor free of cost from UCIL's Jaduguda Stores / Bhatin Mines, are listed in Schedule – ‘A’.

5.01.02 No item except mentioned in Schedule – ‘A’ will be supplied by UCIL.

5.01.03 Equipments & materials, which will have to be supplied by the contractor mentioned in schedule – ‘B’.

5.02.00 Hardware.

5.02.01 All nuts and bolts, washers shall be galvanized only.

6.00.00 Specific requirements – Erection.

6.01.00 Responsibility of erection.

6.01.01 The contractor shall be fully and finally responsible for the proper erection, safe and satisfactory operation of plant and maintenance equipment under his scope of work to the entire satisfaction of the Engineer.

6.01.02 The work shall be executed in accordance with the directions, instructions, drawings and specifications which will be supplied to the contractor by the engineer from time to time.

6.01.03 If in the opinion of the contractor any work is insufficiently specified or requires modifications, the contractor shall refer the same in writing to the Engineer and obtain his instructions / approval before proceeding with the work.

6.01.04 If the contractor fails to refer such instances, any excuse for the faulty erection, poor workmanship or delay in completion shall not be entertained.

6.01.05 Equipment and material which are wrongly installed shall be removed and reinstalled to comply with the design requirement at the contractor’s expense, to the satisfaction of the Engineer.

6.02.00 Supervision.

6.02.01 The Engineer shall have the overall responsibility for coordination of contractor’s work and his direction shall be final.
6.02.02 Such direction and supervision however shall not relieve the contractor of his responsibility of correctness and quality of workmanship and of other obligation under the contractor.

6.03.00 Protection of work

6.03.01 the contractor shall effectively protect his work, equipment and materials under his custody from theft, damage or tempering.

6.03.02 Finished work where required shall be suitably covered to keep it clean and free from defacement or injury.

6.03.03 Contractor shall be held responsible for any loss or damage to equipment and material issued to him until the same is taken over by the owner according to contract.

6.04.00 Safety measures

6.04.01 All safety rules and codes as applicable to work shall be followed without exception.

6.04.02 All safety appliances and protective devices and belts, hand gloves, aprons, helmets, shields, goggles etc. shall be provided by the contractor for his personnel.

6.05.00 Consumables and hard wares

6.05.01 The contractor shall furnish all erection materials, hardwares and consumables required for the completed installation.

6.05.02 The materials shall include but not limited to the following:
   a. Consumable – welding electrodes, gas, oil and grease, cleaning fluids, paints, electrical tape, soldering tape etc.
   b. Hardwares – bolts, nuts, washers, screw, brackets, supports, clamps, hangers, saddles, plates, seals, shims etc.
   c. Materials – junction boxes, terminal blocks, connectors, ferrules, lugs, brass glands, rigid / flexible conduits, cables, ground wires etc.

6.05.03 Supply of sand, stone chips etc. required for the execution of the contract shall be responsibility of the contractor.

6.06.00 Erection tools and tackles.

6.06.01 The contractor shall provide all tools, tackles, implements, scaffolding etc. which are required for handling and erection of the equipments and materials.

6.07.00 Taking delivery

6.07.01 The contractor shall take delivery of materials from owners store yard / shed.

6.07.02 Materials delivered shall be brought to the erection site, stored or erected as necessary.
6.07.03 Indents for materials shall be placed sufficiently in advance so as to enable the owner to arrange for the delivery from stores in time.

6.07.04 The contractor shall submit a detailed account of material issued to him after completion of work.

6.08.00 Installation – General

6.08.01 Installation work shall be carried out in accordance with good Engineering practices and also manufacturer’s instructions / recommendations where the same are available.

6.08.02 Equipments shall be installed in a neat workman like manner so that it is level, plumb square and properly aligned and oriented.

7.00.00 Grounding

7.01.01 All poles shall be grounded by continuous earth wire.

8.00.00 Foundation and civil works.

8.01.01 The contractor shall finalize the exact position of poles under the guidance of Engineer – in – charge by actual surveying. Various works such as trimming off trees, bushes etc. and minor grading extra if required shall be done by the contractor without any extra charge to the purchaser.

8.01.02 Based on site conditions, soil conditions and the height and type of pole the size of exacted hole shall be determined and during excavation works care shall be taken to avoid the over sizing of the hole.

8.01.03 For cement concrete work, sand, cement and stone chips of approved quality shall be mixed in designed proportion approved by the purchaser.

8.01.04 Any cutting of masonry / concrete work which is necessary shall be done by the contractor without any extra cost and shall be made good matching the original work.

9.00.00 Cleaning up of work site.

9.01.01 The contractor shall from time to time remove all the rubbish resulting of execution of his work. Upon completion of work the contractor shall remove rubbish, tools, scaffoldings, temporary structure and surplus materials extra to leave the premises clean and fit for use.

10.00.00 Inspection and testing.

10.01.01 On completion of erection works the contractor shall request the Engineer for inspection and tests with minimum 14 days advance notice.

10.01.02 The installation shall be then tested and commissioned in the presence of the Engineer.
10.01.03 All rectification, repair or adjustment work found necessary during inspection testing, commissioning and trial run shall be carried out by the contractor without any extra cost.

10.02.00 Taking over of installation.

10.02.01 On successful testing, commissioning and trial run, the contractor shall request Engineer in writing for taking over the installation.

10.02.02 The Engineer, on receipt of the request, shall arrange to take over the installation either wholly or in part as the case may be after a final inspection.

10.02.03 Till such taking over, the responsibility of the whole installation against theft or damage of any kind shall remain with the contractor.

10.03.00 Guarantee.

10.03.01 In the installation if any trouble arises due to the use of defective or faulty material and/or bad workmanship within a period of 12 months from the date of taking over, the contractor shall guarantee to replace or repair the defective part or parts at site to the entire satisfaction of the Engineer-in-Charge free of charge.

11.00.00 To be submitted for Approval and Distribution.

11.01.01 As built dimensional drawing showing constructional features, cable entry, grounding, fixing arrangement etc. to be submitted before handing over.

11.01.02 Any other relevant drawings data and manuals necessary for installation, operation and maintenance.

12.00.00 Accepted make.

12.00.01 Best qualities of materials / items / equipments are to be supplied by the contractor. Before placing the purchase order the contractor must take the approval from UCIL, regarding vendor list and specification.
SECTION –VI

SPECIAL CONDITIONS
SPECIAL CONDITIONS

These will supersede other similar conditions mentioned elsewhere in this tender document / NIT:

A : SCOPE OF WORK
1. Modification of high tension 6.6 KV 2nd circuit Over head line from Jaduguda MRS to Bhatin Mines.
2. Provide supervisor, Electrician and Electric Helper for Modification of high tension 6.6 KV 2nd circuit Over head line. This include liasoning with the Govt. Departments/ Local Villagers as and when necessary.
3. Supply, erection, commissioning and testing of high tension 6.6 KV 2nd circuit Over head line.
4. Contractor should arrange for cutting trees/bushes etc. if required at the work site.
5. Keeping the indoor sub-station and yard clean, it is the Bidder's scope.

B : OTHER CONDITIONS
1. Regulatory requirements: Contractor has to maintain/repair as per the regulatory requirement like DGMS, AERB, JSEB for fulfilling the requirement of law.
2. Completion Time :- 06 months from the date of issue of work order.
3. L1 party Decision : L1 party decided as per grand total amount quoted by party.
4. Payment Terms: Two RA Bills shall be paid
   First RA Bill: 90 % of supply of materials as per schedule of items, erection of poles and hardware accessories.
   Second RA Bill: Balance 10 % of material supply, after stringing of the conductor and testing and commissioning of the overhead line.
   The basis of R.A. Bill raised will be on quoted unit rate basis of each bill in 4 (four) copies.
5. Muster Roll :- The contractor has to submit a copy of the muster roll every week to the Engineer Incharge / Site Incharge, UCIL after making minimum rate of wages payable to different categories of workmen covered under Minimum Wages Act, 1948 through bank payments only and no other mode of payment will be accepted and provide bank payments documentary proof to Engineer Incharge-UCIL.
6. Employee provident Fund : PF shall be applicable as per rule for the contractor employees and shall be paid by the bidder. This amount shall be reimbursed to the contractor on submission of documentary proof of deposit of PF amount to the government.
7. Wage Escalation :- No price escalation shall be applicable for this contract.
8. Service Tax: Service tax shall be extra and shall be applicable as per rule.
9. Work Supervision and technicians for overhead line work: Contractor should have their own competent supervisor to supervise the entire work during the tenure of the contract, till completion of the work and technicians for this HT overhead line work should be competent enough to perform the work with relevant safety measures.
10. Tenure of Contract – This shall be an Item rate Contract and shall be valid for six months from the date of placement of work order. The works shall have to be executed as and when required.

11. Extension of Tenure of Contract – The tenure of this contract will be extended by another three months with all the terms and conditions remain same.

12. The contractor shall pay to labour employed by him wages not less than fair wages as defined in the Contract Labour (Regulation and Abolition) Act, 1970 and rules made there under.

13. The contract shall be in respect of labour employed by him comply with or cause to be complied with the contract Labour (Regulation and Abolition) Act, 1970 and Rules made there under in regard to all matters provided there in.

15. The Bidder must have office as per NIT.

16. The manpower shall be for deployed for Modification of high tension 6.6 KV 2nd circuit Over head line from Jaduguda MRS to Bhatin Mines as directed by the Engineer-in-Charge.

17. All fasteners, clamps, nuts and bolts required for completion of work is in the scope of the bidder.

18. Stone chips, sand and any other material required for grouting except cement is in the bidder’s scope.

19. The special conditions given in this section shall supersede the conditions given elsewhere in this document.

GOVERNMENT LABOUR ACT:

The contractor has to follow strictly the Government Labour Acts which are and will be in force during the period of execution of work. All necessary arrangements for Labour’s security Insurance, will have to be made by the contractor at his own cost.
For the Maintenance of two 6.6 KV overhead lines the patrolling and fault detection in the event of a break down shall be in the scope of the Bidder. The bidder shall deploy sufficient number of personnel for patrolling, detection and rectification of faults in the overhead line. It shall be the duty of the Bidder to ensure that the in the overhead lines or the sub-station are rectified promptly such that the electric power supply to the project is restored at the earliest after any failures.

Deployment of personnel with requisite qualification and experience in accordance the I.E. rules shall be the responsibility of the Bidder.

All tools and tackles required for the execution of the works under this contract shall be in the scope of the Contractor. It shall not be possible to provide any accommodation at Bhatin Mines premises, hence all accommodations/transport of persons deployed shall be in the scope of the contractor.

All the works under this contract shall be performed strictly in accordance with the Indian Electricity Rules. The compliance to the aforesaid rules shall be the sole responsibility of the Bidder.

The Bidder in his own interest is advised to familiarize himself with site conditions and Scope of the work.
