Both envelopes should be enclosed in an outer sealed cover, which should be super scribed with NIT No. and general description of the work quoted for.

No extension of due date and hour of submission will be entertained for postal delay or missing of documents

The Corporation reserves the right to accept or reject any or all the tenders in full or part or to split up the works if necessary in favour of more than one Bidder, without assigning any reasons whatsoever and the tenderers shall be bound to perform the same at his quoted rates.

For Chairman & Managing Director
Uranium Corporation Of India Limited
ESSENTIAL TERMS AND CONDITIONS FOR SUBMITTING THE OFFER

1. Before submission of tender, the tenderers are advised to make themselves fully conversant with the conditions of tendering, General conditions and Special conditions etc. They are also advised to physically visit the site to understand site working conditions, nature & modus operandi of jobs prior to quote for the same.

2. The Tenderer shall submit his tender strictly in accordance with the tender specification and terms & conditions laid down in the tender document. No tender will be accepted by Post / Courier.

3. By submitting a tender for the work, a Tenderer will be deemed to have satisfied himself by actual inspection of the site and locality of the work, if so required and that the rates quoted by him in the tender will be adequate to complete the work in all respect according to the specification and other working conditions.

4. The Tenderer should mention their Price/ Item rates in figures as well as in words. In case of any dispute / ambiguity, the price/ rates mentioned in words shall be considered as final. No insertions, postscripts, additions and alterations shall be recognised unless confirmed by the Tenderer’s signature.

5. Tender bids (Technical as well as price) shall be submitted strictly in a manner asked, giving full details / information necessary for assessing their offer.

6. Canvassing in any form is strictly prohibited and any Tenderer found to have resorted to canvassing or influencing other Tenderer shall be liable to have his tender rejected summarily.

7. Tender documents are not transferable.

8. The units registered under Single Point Registration Scheme of NSIC are eligible to get the benefits of issue of the Tender document free of cost and Exemption from payment of Earnest Money Deposit (EMD) as per govt. notification subject to submission of valid NSIC registration for work contracts. However, they will confirm acceptance for submission of security deposit in case of award of contract to them.
JOB DESCRIPTION

UCIL is interested to invite tenders for Outsourcing of Structural works and pipe line works (like Fabrication, Erection, and Dismantling etc.) of UCTL-1, 2 & 3 Areas of Tummalapalle Mill. The party should have pool of experienced engineers, supervisors and technicians. Persons deputed at site should be capable to take-up the job assigned to them without need of any sort of training.

Scope of Work:

Major jobs of any of the items as indicated below are included in Contractor’s scope of work. A time schedule from job to job basis shall be given by UCIL and contractor has to agree for the same so as to maintain minimum shutdown time. These jobs shall have to be done by the Contractor with required resources like manpower, tools & tackles, supervision staff etc. within mutually agreed time period.

(5) **PRICE:**
Your quotation should clearly indicate price including service tax, excise duty, freight and insurance if any as per the price format. All Taxes including service tax, royalties, duties, octroi etc. and other taxes for execution the contract under the scope of work shall be borne by the contractor and shall not be payable extra. Bidders quoted rate shall be inclusive of all such charges. Any increase of the same at any stage during execution of the contract shall have to be borne by the contractor. Any new taxes imposed by Govt/statutory authority during the contract period also need to be borne by the contractor.

(6) **E.M.D.:**
Offer shall be accompanied by EMD for an amount of Rs 25,000/- (Rupees Twenty Five Thousand only). EMD shall be by way of a Demand Draft drawn in favor of “Uranium Corporation of India Limited” payable at SBI Pulivendula Branch (Code No. 0989). No cash or cheque in any form will be accepted as earnest money. No interest will be paid on the earnest money deposit. Tenders received without earnest money deposit will be summarily rejected.

**Return of earnest money:** The earnest money of successful Tenderer will be adjusted into security deposit after signing of contract agreement. The earnest money of unsuccessful Tenderers will be returned within 01 (one) month following execution of the contract agreement and after getting written request thereof.

(7) **SECURITY DEPOSIT:**
The Amount of Security Deposit including the amount of Earnest Money shall be 10% of the awarded value of work. Fifty percent of this amount shall have to be deposited as initial security deposit at the time of execution of agreement including the amount deposited as Earnest Money. In addition to the above, further amount to the extent of the 5% of awarded value of the work will be deducted from the running account bills by way of percentage deductions. Such percentage deduction shall @10% of the running account bills till the full amount of security deposit is released / retained by the corporation.

Failure in carry out the awarded work shall entail forfeiture of the security deposit. Security deposit will be refunded without any interest on written request in duplicate to the Engineer-In-Charge after three months of satisfactory completion of the work order. This will be released after successful completion of the work and taking over & on submission of PBG till defect liability period.

(8) **BANK GUARANTEE:**
Wherever stipulated should be as per our proforma & issued by an Indian Public Sector Bank only. All bank charges to be borne by bidder. Bank Guarantee should be automatically extended for validity period in the event of delay in execution of contract.

(9) **AGREED LIQUIDATED DAMAGE:**
Time shall be the essence of the contract. If successful Tenderer fails to execute the order within the agreed stipulated schedule, he shall be liable to pay agreed liquidated damages a sum @ $ \frac{1}{2} \%$ of the order value per week or part thereof of delay subject to a maximum of 5%. In case of delay beyond 10 weeks, UCIL reserves the right to cancel the order and get the balance work/procurement done through any other agency at your risk and cost.

(10) **PERFORMANCE BANK GUARANTEE/DEFECT LIABILITY PERIOD:**
Defect liability period for individual tank shall be twelve months from the date of handing over of individual tank. In case of defects if any, the defects shall be rectified at free of cost on “free at our site” basis within one month of information of the defect. In case of delay in attending the
defect as stipulated above, the defect liability period shall get automatically extended. This should be backed up by a bank guarantee for 10% of the contract value valid for defect liability period as per our proforma.

(11) PAYMENT TERMS:

- Bill (s) will be paid as through Running “RA bills” as mentioned in clause “Bills” of the Scope of Work of contract document.
- Payment will be released after satisfactory completion of the work in all respect and certification by the Engineer-in-charge, UCIL within 30 days of submission of clear bill in triplicate along with tenderer’s letter head. Contractor shall mention actual date of commencement of the work in their bill (s). Final bill will be released only after submission of Annual Return (Format to be obtained from Site Office - Mill) and work completion letter in duplicate by the contractor.

(12) PERIOD OF WORK

The period of work shall be 1 (One) Year only. This Work Order may be extended for another one year, if your performance is found to be satisfactory during the contract period of 1 (one) year. Site mobilization shall have to be done within 15 days on receipt of LOI indicating contract price of the work. However, date of actual start of work shall be fixed by UCIL.

(13) AWARD OF CONTRACT:

The job will be awarded to overall L1 basis (on grand total basis). The L1 bidder will be decided on considering the net quoted amount (includes dismantling from line, repair/maintenance & erection). Bidder has to quote for all columns for qualification. The acceptance of a tender and award of contract to one or more than one tenderer, if considered necessary, rest with the Purchaser. It shall not be obligatory on part of the Purchaser to accept the lowest tender. The Purchaser would be at liberty to accept any tender, lowest or otherwise, in whole or in part and to reject any or all the tenders received, without assigning any reasons, and no explanation can be demanded from him by any Tenderer in respect thereof.

(14) General Instructions to the tenderers:

- The contractor shall have to maintain all statutory register as required under the Contract Labour Regulation and Abolition Act, Payment of Wages act, Minimum Wages Act, Factory Act etc. the statutory return to be submitted to the personnel Department / Statutory bodies as required under the acts and Rules.
- Statutory central minimum wages to all skilled/unskilled labour shall be paid by the contractor as per the latest notification of the government/ local authority.
- The contractor has to maintain details on
  (a) Records of medical examination of their employees before joining
  (b) Records of initial training before engagement to job
  (c) Records of contractor workers mentioning their category of employment, age, Father's name, Address, contact number, photographs, police verification details, ID proof etc.
  (d) Records of issuing PPE's to contract workers,
  (e) Records of re-training to contract workers
(f) Records of affidavit cum declaration regarding no claim for employment with UCIL by contract workers on non-judicial paper of Rs 20/- duly attested by Notary Public.

- Proper care should be taken to ensure safety and security of workers engaged in the job. In case of any accident and injury to the workers or any other person directly or indirectly involved in the work during execution of the job, the contractor shall have to compensate them at their own cost. UCIL will have no responsibility, whatsoever, and will be kept fully indemnified and harmless in this regard. The contractor shall make adequate insurance policy at their own cost so that the workmen employed by them are sufficiently covered against risk of any accident.
GENERAL CONDITIONS OF CONTRACT

1. **Nature of Tender**: Two Part

2. **Working Hours**: As the requirement is for round the clock operation. Persons will be deputed as per instruction of Engineer-in-charge. No extra claims shall be entertained for working beyond duty hours in such urgency.

3. **Commencement of work**: Work will commence within one week from the date of issue of work order. Contractor will report to the Engineer In-charge, UCIL immediately on receipt of work order for further instructions for carrying out the job. A letter duly signed under contractor’s official seal as a token of acceptance of all terms & conditions of work order must reach in the office within two days of receipt of the order. The work order no. & date as well as name of work must be quoted in all correspondences.

4. **Completion period of contract**: Completion period of present contract is Twelve months, which may be extended for further Twelve months after successful completion of first Twelve months with same rate, terms & conditions of the contract. Total price quoted for Twelve months period shall be the deciding factor to evaluate L-1 quotation. (Date of commencement will be reckoned from the date of start of work at site).

5. **Payment Terms**: Bill(s) will be paid through Running “RA bills” as mentioned in clause “Bills” of the Scope of Work or Special Conditions etc. of contract document.
   
   Payment will be released after satisfactory completion of the work in all respect and certification by the Engineer-in-charge, UCIL within 30 days of submission of clear bill in triplicate along with tenderer’s letter head. Contractor shall mention actual date of commencement of the work in their bill(s). Final bill will be released only after submission of Annual Return (Format to be obtained from Site Office - Mill) and work completion letter in duplicate by the contractor.

6. **Work Measurement & Inspection / Work Instructions**: It is to be done jointly as per schedule of items & scope of work, etc. by the Engineer-Incharge, UCIL and the Contractor. The measurement thus taken will be final and acceptable to both parties. Time to time detailed work instructions will be given by the Engineer-in-charge, UCIL.

7. **Jurisdiction / Dispute**: Any action / dispute arisen out of or from this work order shall be subject to the jurisdiction of court of law at HYDERABAD only, irrespective of anything to the contrary mentioned in the tender / quotation. Any statutory obligation has to be made by the contractor. Tenderer will extend all help.

8. **Penalty (Liquidated Damage)**: If the progress of work is not found satisfactory or the contractor fails to complete the works within the time frame of completion, the corporation reserves the right to impose penalty / liquidated damage @ ½ % per week maximum upto 5% on the awarded / contract value for each complete week between the time for completion and actual date of completion. **PENALTY CLAUSE**: The work shall be executed strictly as per the requirement of UCIL as detailed in the scope of work. The agency shall be responsible for providing timely and uninterrupted services. Failure to complete the work as per requirement shall attract deduction of a predetermined amount from the contractor as given below from RA bill.

**Delay**: Timely maintenance of all the equipments is required. If after receiving the instruction of EIC, the contractor does not start the job with in a reasonable time then penalty equivalent to the rate of that particular service will be imposed. After start of the job if the same is not completed in the stipulated time (Time period is decided by the UCIL based on...
OEM recommendation) due to carelessness/incompetence of contract personnel then additional penalty at the rate of 25% of the rate of the particular service will be imposed for every 8 hours of delay.

**Absent:** Contractor shall maintain required minimum manpower in round the clock shift and general shift as mentioned in the tender. If contractor fail to maintain required manpower without approval of UCIL, the penalty will be imposed at a rate of Rs. 1000/- per shift/ per person shortfall. Overtime should not be used to compensate the shortfall in workforce. In any case, maximum working hours per day of technicians should not exceed 16 hrs.

**Safety:** All contract personal will wear cotton uniform and will use all personal protective equipments like Helmet, safety shoes and safety belts always. Non availability of any of the above item at any moment of time will call for a penalty at the flat rate of Rs 100 per person per day.

**Tools and Tackles:** Contractor will provide minimum necessary tools and tackles as per the list given by Engineer-in-charge. Non-availability of tools during any particular maintenance will call for a penalty Rs. 500 per day.

**Uniform/Dress:** Penalties @ Rs. 100/- per day per person on not wearing the uniform shall be applicable in this contract.

The amount of penalty / compensation may be adjusted or set off against any sum payable to the contractor under this or any other contract with the corporation. And after ten week from the actual date of completion of whole work if the contractor fails to complete the work, corporation reserves the right to terminate the contract and get the balance work done through any other agency at contractor’s risks and costs.

9. **Force Majeure:** In case of closure / breakdown / strike / lockout or any other causes beyond control of the corporation preventing normal operation, the corporation shall be at liberty to extend the time for completion or cancel the order without any financial liability whatsoever.

10. **Safety Rules & Regulations for contractor’s employees:** UCIL’s Safety Rules & Regulations for contractor’s employees as given in the Annexure-B will be complied strictly during the execution of various works at site. Contractor shall ensure the use of safety appliances during the work at site. Contractor will take full safety measures and arrange the necessary safety gadgets / appliances, tools & tackles, helmet, gumboot, safety belt, shock proof shoe, safety suit / uniform, goggles, gloves, apron, ladders, bamboo, rope, machineries, scaffolding, etc required for the work by their own so as to ensure that no damage, loss or injury to corporation’s personnel, contractors’ personnel, third party or equipment are caused due to the work being carried out by contractor. UCIL shall not provide any safety appliances and tools & tackles under any circumstances. Contractor has to follow the Safety Rules & Regulations as per Indian Electricity Rules to do the electrical works. Contractor must report in writing (duplicate) to the Engineer-In-charge or Safety Officer (Mill) - UCIL immediately on becoming aware of any accident at their site.

11. **Safe Transportation / Storage of Materials:** Contractor will have to make their own arrangement for to and fro transportation of men, material and machine, etc. including loading and unloading at their own expense under this contract. Contractor will also be responsible for safe keeping of materials at their own cost issued by UCIL either free of cost or chargeable basis. The contractor shall build suitable stores at his own cost for safe keeping of materials as per instruction of the Engineer Incharge-UCIL, if required or UCIL will provide the same subject to availability. In case contractor is allowed to construct any structure, contractor shall have to demolish and clear the same before handing over the
completed work. On completion of work or during the course of work all materials issued to the tenderer should be accounted for. A statement of material issued / consumed during the month & record of job done during a day are to be submitted by the party to the Engineer-Incharge, UCIL. For this contractor will provide and maintain a register and duplicate / triplicate books also at his own cost as per direction. Tenderer will transport all material from UCIL – Stores / Godown to contractor’s work site in safe custody. Contractor shall have to return / store all material including surplus / dismantled material from their work site to a specified place in UCIL premises and cut the unused dismantled materials in small pieces as per direction / instruction of the Engineer Incharge, UCIL and a material reconciliation statement to be submitted along with the final bill. And work place should be kept clean and all dismantled; left out material should be disposed properly every day as per instruction of the Engineer Incharge, UCIL. Failing which company have the right to retain the final bill till site clearance is completed.

12. **Price Escalation**: No escalation on any account shall be payable and price quoted shall be firm till completion of the work under this contract. *Offers with price variation clause will be out rightly rejected.*

13. **Muster Roll**: The contractor has to submit a copy of the muster roll every week to the Engineer Incharge, UCIL after making minimum rate of wages payable to different categories of workmen covered under Minimum Wages Act, 1948 in presence of the representative of UCIL & contractor will also make arrears payment if any, under intimation to the Engineer Incharge-UCIL.

14. **Insurance**: The contractor shall ensure & maintain insurance against his liability for accident or injury to workmen or machineries used for the work and shall submit two copies of the policy & receipts of premiums paid or satisfactory evidence of insurance coverage at their own cost valid for whole working / contract period at a time for all the persons to be engaged to the Engineer Incharge, UCIL before the commencement of work. Contractor shall also submit the proof of the renewal of the same policy at least two days before the expiry date of the previous policy to the Engineer Incharge-UCIL. The contractor will not be allowed to carry out any activity without necessary insurance coverage (mentioning working height depend upon the job requirements and as per insurance rules) of their persons. Insurance policy shall also indemnify UCIL against any claim raised by the injured / affected workmen or his family.

15 **Temporary work closure**: - If the work site is required to be suspended for some days / period because of any reason, contractor may close the site temporarily under written intimation in triplicate to the Engineer–Incharge, UCIL. During the above period, the contractor will be in touch with the Engineer Incharge- UCIL for further instructions, if any. No extra claim against any idling of contractor’s site crew / staff & machineries, etc. will be entertained.

16. **Material(s) Supply by UCIL and Contractor**: - The Corporation will not provide any accommodation, tools and tackle, men, material, machineries, transport, etc. for this work. No facility / supply other than mentioned in scope of work and schedule of items will be provided by UCIL as free or on chargeable basis. If Any other materials / facilities that are not covered under this tender but are required to complete the work, will have to be arranged by the contractor / party at their own expense. No extra claim shall be entertained against the materials that are not covered under this contract. But contractor shall submit free samples (materials) for approval, if
required and materials approved by the Engineer Incharge, UCIL shall only be used. UCIL reserves the right to reject goods which are not as per specification and in case of rejection contractor shall have to replace material free of cost. Any deviation from the tender shall be clearly mentioned in the Part–I (Techno Commercial Bid & EMD) under the heading “Deviation”.

17. **Welfare and Health of Contract Labour** :- The contractor shall have to provide the facilities under the provision of “Contract Labour (Regulation and Abolition) Act, 1970 – Section – 16,17,18 and 19,Chapter -V , Welfare and Health of Contract Labour”.

18. **Contract Agreement** :- Contract Agreement should be executed in prescribed format on a non-judicial stamped paper before commencement of work within one week from the date of issue of work order / L.O.I. However, no payment will be made without execution of contract agreement.

19. **Submission and opening of Tender** :- Tender / quotation / bid shall be submitted in a manner asked strictly in accordance with the tender terms & conditions laid down in the Enquiry / Tender document giving full details necessary for assessing their offer. Contractor shall sign and stamp on each pages of this tender document. Canvassing in any form is strictly prohibited and disqualify the tenderer for the tender submitted for. Tenders will be rejected, if sealed tender envelopes are not super scribed on the top as per instructions given. Tenders will not be received after due date and time. Tenders will not be accepted by Fax. Tenders submitted without earnest money deposit will be summarily rejected. If any of the date under this contract is declared holiday, the event scheduled on that day will be automatically shifted on the next working days.

Sealed tenders / quotations in duplicate should be submitted in two parts as given below (or as mentioned in our enquiry letter) to the Competent Authority- UCIL. The above envelopes shall be super scribed on the top as Techno Commercial Bid and E.M.D. and Price Bid respectively with NIT / Enquiry No. & Date / full name of the work / Tender Opening Date / Name & Address of the tenderer.

1. **Techno Commercial Bid and E.M.D** envelope shall contain papers
   - Tenderer’s covering letter in duplicate, scope of work.
   - Original EMD Cheque and, Tender Fee Cheques are to be enclosed...
   - General conditions of contract.
   - UCIL’s labour and safety rules.
   - Statement / Xerox copies regarding previous three years experience and present status mentioning the value of work in detail, list of tools & tackles, technical personnel, transports and other equipments.,
   - Balance sheet, income tax clearance certificate copy for last three financial years, if any and any other documents as deemed necessary (duly signed and stamped on each page).

2. **Price Bid** envelope shall contain papers of duly signed and stamped price / rate proposal only in Duplicate along with tenderer’s covering letter in duplicate.

Finally both envelope shall be inserted into a third cover. And this third envelop shall also be sealed and properly superscribed as Name of the work on the top with Tender/Enquiry Number & Date / Tender Opening Date/ Name and Address of the Tenderer, etc. The tenders
after receipt shall be opened on the stipulated date and time by the Chairman and Managing Director or his representative in presence of the intending bidders.

20. **Visit of Site and Locality prior to quote rate(s):** - Before submission of tender, the tenderers are advised to make themselves fully conversant with the SCHEDULE OF ITEMS, SCOPE OF WORK, GENERAL CONDITIONS OF CONTRACT, ANNEXURE-A (LABOURERS) & ANNEXURE-B (SAFETY OF CONTRACTOR’S EMPLOYEES), if any. They are also advised to physically visit the site to understand the site working conditions, nature of jobs prior to quote for the same. Also requested to inspect the site and equipments covered under present tender etc.

21. **Rate(s) in figures and words:** - Overall L1 amount will be considered as the lowest bidder. The tenderer should mention their price / item rates in figures as well as in words. In case of any dispute / ambiguity, the price / rate mentioned in words shall be considered as final. Insertions, postscripts, additions and alterations shall not be recognised unless confirmed by the tenderer’s signature. **Tenderer shall be submitted schedule of items(s) and rate(s) in triplicate duly signed and stamped on each page.**

22. **Tax & Duties:** - The quoted rate should be inclusive of all applicable taxes and duties including service tax. And imposition of any new taxes / duties by the State Govt. or Central Govt. during the contract execution period will also be paid by the contractor. Hence, no other taxes, duties and royalty, etc. would be paid extra.

23. **Annual Labour Return:** - Contractor shall have to submit a letter of work commencement or completion IMMEDIATELY in duplicate in prescribed format and annual return in format enclosed in the further pages (Format to be obtained from Site Office - Mill) to the Engineer Incharge, UCIL for onward transmission to the Competent Authority, Govt. of India, Ministry of Labour, Andhra Pradesh.

24. **Variation in Quantity of items:** - The quantity mentioned under the “schedule of item (s)” of this tender is tentative. The actual quantity may vary from that indicated in the tender document due to actual conditions of the site or due to other reasons. The contractor shall carry out all additional work upto the total variation of ± 10 % of the awarded value. The other terms & conditions and rates shall remain firm within this limit.

25. **Validity:** - The tenderer offer should remain valid for a minimum period of three months from the date of opening of the final price part. The Tenderers shall not be allowed to increase, amend or withdraw his tender within this period and if he does so the earnest money deposit and security deposit may be forfeited.

26. **Training , etc.** - Contractor shall have to bring all their labourers for necessary training & guidance in Mill Training Centre at their own cost before actual commencement of the work at their own cost. The work shall be carried out with the help of experienced / skilled persons or ITI with NCTVT certificate holders or equivalent, etc. And Supervisor having Supervisory Certificate of Competency is to be engaged for supervision or as per direction of the Engineer-In-charge. Persons holding H.T. Licence of relevant section as per I.S. will be allowed to do the job of electrical works. Contractor shall have to submit a letter of authorisation (in duplicate) in favour of his experience / qualified and responsible representative as “Site Supervisor” to look after the work site and receive official letters and instructions or to issue / receive materials from stores in absence of main contractor at site.
27. **Indemnity**: Contractor will fully indemnify the corporation against all responsibility and whatsoever arising out of accident / injury to contractor’s workmen, third party or to corporations’ personnel and properties.

28. **Labour Employment Conditions for executing work**: As given in clauses 1 to 13 in Annexure-A.

29. **Documents not transferable**: Tender documents are not transferable. These tender documents are the property of corporation. Contractor shall keep one copy of the documents at the site in good order and same shall be available for inspection and use by the Engineer Incharge, his representative or by other inspecting officer. None of these documents shall be used by the contractor for any purpose other than that of this contract.

30. **Award of Contract**: The Corporation reserves the right to accept or reject any or all tender either in full or part or to split up the work, if necessary, without assigning any reasons therefore.

31. **Medical facilities**: The contractor shall be fully responsible for any first aid / emergency treatment or serious medical treatment to his employees. UCIL will provide medical facilities on chargeable basis to contractor’s employees.

32. **Security Rules & Regulations and Entry Passes**: The contractor will have to submit the details of the persons to be employed for this work within two days of award of work. The contractor will be allowed to start the work only after submission of the details in prescribed verification forms (in duplicate) along with four nos. passport size photograph for each labourer separately to the Competent Authority, UCIL. Contractor will make necessary Entry Passes from concerned officials of SPF Unit, UCIL sufficiently in advance. Contractor shall strictly abide by the prevailing security rules and regulations and also to be enforced by UCIL time to time. Entry to the works premises is strictly restricted and only bonafide pass (permission) holders are allowed. Police verification certificate (NOC) of the persons must be submitted prior to engaging them work for issuance of gate pass.

33. **Defects Liability Period**: During the defect liability period / guarantee period from the certified date of handing over of job. The contractor shall rectify the defects, if any, detected / reported during the guarantee period under this tender from the certified date of completion of work. The contractor shall be responsible to make good and remedy at his own expense within such period, as may be stipulated by the Engineer-Incharge before the expiry of the guarantee period.

34. **Security Deposit**: The Amount of Security Deposit including the amount of Earnest Money shall be 10% of the awarded value of work. Security Deposit equivalent to an amount of 5% of the ordered value is required to be deposited under this contract in Accounts Department-UCIL in cash or demand draft before the start of the work. Failure to carry out the awarded work shall entail forfeiture security deposit entirely. Security Deposit will be refunded without any interest on written request in duplicate to the Engineer-in-charge after satisfactory completion of the work.

35. **The successful contractor shall have to comply with provisions of contract labour (Regulation & Abolition) act,1970 and EPF & MP Act, 1952 and rules framed there under.**
35. **Labour Acts & Rules** :-

   The contractor shall (in respect of labourers employed by him) strictly comply with provisions of the following Act & Rules made there under in regard to all matters provided therein or any modifications thereof or any other law relating thereto from time to time.

   i) Workmen Compensation Act-1923,
   ii) Payment of wages Act-1936
   iii) Employees Liability Act,1938
   iv) Industrial Dispute Act,1947
   v) Minimum Wages Act,1948
   vi) Employees State Insurance Act,1948
   vii) Mines Act, 1952
   viii) EPF & MP Act, 1952
   ix) Maternity Benefit Act,1961
   x) Contract Labour (Regulations & Abolition) Act, 1970
   xi) All statutory provisions of Atomic Energy Regulatory Board

UCIL, Tummalapalle

Sub :- Information regarding commencement of work of
   “ ( ____________________ Name of the work in detailed ____________________ )

Ref :- Work Order No.______________________________ Date: ______

Dear Sir,

I would like to inform you that the above referred subject work awarded to me and work already started. I am furnishing herewith the following particulars against the work for your information and necessary action :-

1. Work commenced on: ______________________
2. Period of contract: ______________________
3. Maximum nos. of labourers likely to be engaged: ____________
4. Name of proprietor / Partner etc. of contractor: ________________
5. Labour Insurance policy No. and date and valid upto: ____________

Thanking you

Yours faithfully,
For M/s------
LABOURERS

1. The contractor shall employ labour in sufficient number to maintain required rate of progress and quality to ensure workmanship of the degree specified in the contract and to the satisfaction of the Engineer – Incharge. The contractor shall not employ in connection with the works any person who has not attained the age of fifteen years.

2. Contractors should employ only the persons with established identity.

3. Addl. Commandant, SPF will issue temporary identity cards to persons actually engaged in the work and may exercise checks as considered necessary to ensure that strangers are not permitted inside the work premises. Contractors are required to surrender the identity cards on completion of job to Asst. Commandant, SPF.

4. Police verification certificate (NOC) of the persons must be submitted prior to engaging them work for issuance of gate pass

5. SPF control room / Contractor will not allow any inter-state labourer as a contract labour in any case.

6. The contractor shall furnish to the Engineer–in-charge, a distribution return of the number description by trades of work people employed on the works. The contractor shall also submit on the 4th and 19th of every month to the Engineer Incharge a true statement showing in respect of second half of the preceding month and the first half of current month (i) the accident that occurred during the said fortnight showing the circumstances under which they happened and the extent of damage and injury caused by them and (ii ) the number of female workers who have been allowed Maternity Benefit as provided in the Maternity Benefit Act 1961 or rules made there under and the amount paid to them.

7. The contractor shall pay to labourers employed by him wages not less than fair wages as defined in the Contract Labour (Regulation & Abolition) Act 1970 and rules made there under.

8. The contractor shall in respect of labour employed by him comply with or cause to be complied with the Contract Labour (Regulation & Abolition) Act 1970 and Rules made there under in regard to all matters provided therein.

9. The contractor shall be liable to pay his contribution and the employee’s contribution to the Employees State Insurance Scheme in respect of all labour employed by him for the execution of the contract, in accordance with the provision “The Employees State Insurance Act 1948 as
amended from time to time and as applicable in this case. In case the contractor fails to submit full details of his account of labour employed and the contribution payable, the Engineer Incharge shall recover from the running bills of the contractor an amount of contribution as assessed by him. The amount so recovered shall be adjusted against the actual contribution payable under Employees State Insurance Scheme.

10. The Engineer In-charge shall on a report having been made by an inspection staff as defined under the Contract Labour (Regulation & Abolition) Act 1970, and rules made there under have the power to deduct from the money due to the contractor any sum required or estimated to be required for making the good the loss suffered by a worker or workers by reason of non-fulfilment of the conditions of the contract for the benefit of workers, non-payment of wages or of deductions made from his or their wages which are not justified by the contract or non-observance of the said Act.

11. The contractor shall indemnify the Corporation against any payment to be made under and for observance of the Contract Labour (Regulation & Abolition) Act 1970, and the rules made there under without prejudice to his right to claim indemnity from his sub-contractors.

12. In the event of the contractor committing a default or breach of any of the provisions of aforesaid Act and Rules made there under / amended from time to time or furnishing any information or submitting or filling any Forms / Register / Slip under the provisions of the law which is materially incorrect, then on the report of the Inspecting Officer, the contractor shall without prejudice pay to the Corporation a sum not exceeding liabilities for such defaults including liquidated damages etc. For every default, breach or furnishing, making, submitting, filling materially incorrect statement as may be fixed by the Labour Department and the contractor should indemnify the Corporation against all such liabilities.

13. **MODEL RULES FOR LABOUR WELFARE** :-

(i) The Contractor shall at his own expenses comply with or cause to be complied with Model Rules for Labour Welfare as provided under the rules framed by the appropriate Government from time to time for protection of health and making sanitary arrangements for workers directly or indirectly on the works. In case the contractor fails to make arrangements as aforesaid, the Engineer Incharge shall be entitled to do so and recover the cost thereof from the Contractor.

(ii) Failure to comply with Model Rules for Labour Welfare, Safety Code or the provisions relating to report on accidents and to grant Maternity Benefit to Female workers shall make the contractor liable to the Corporation as liquidated damages an amount not exceeding Rs. 50.00 for each default or materially incorrect statement. The Decision of the Engineer Incharge in such matters based on reports from the Inspecting Officers shall be final and binding and deducting officers shall be final and binding and deductions for recovery of such liquidated damages may be from any amount payable to the contractor.
SAFETY OF CONTRACTOR’S EMPLOYEES

1. The contractor shall at all times, take all reasonable precaution for the safety of employee, including those of sub – contractors in the performance of his contract and shall comply with all applicable provisions of both Central as well as the State Safety Laws. In addition to the safety provisions, the contracting officer shall include the SAFETY requirements as RECOMMENDED by the Health Physics Unit, Jaduguda for a specified contract.

In the event that contractor fails to comply with these provisions, the contracting officer may, without prejudice to any other legal or contractual rights, issue an order for stopping all or any part of the work, thereafter a start order for resumption of work may be issued at the sole discretion of the Contracting Officer. The contractor shall make no reason of or in connection with such stoppage.

2. Contractor shall have a full time Safety Officer / Engineer when the contractor employ 500 or more persons or when engaged specifically in hazardous work. In the case of contractors employing fewer than 500 persons, his safety representative shall be an employee in a high supervisory capacity and his safety duties may be in addition to his other technical / administrative duties.

3. Contractor shall have at least one person fully trained in First Aid to be present at the site of work all time.

4. Contractor must report to the Safety Officer (Mill) – through their contracting officer every accident involving ______________

- Their personnel
- UCIL property or personnel.
- Property or personnel of other contractors working at the site.

4.1 Contractor must report to the Safety Officer (Mill) immediately on becoming aware of any accident of Type - A (see Appendix –1) giving the following information :-

- Name of the informant
- Nature and location of incident being reported
- Name of Supervisor / Engineer – Incharge, location and telephone no. where he can be reached.
4.1.1 Contractor shall submit their investigation reports, through their contracting officer, to the Safety officer (Mill) immediately but not later than 3 (three) working days after the occurrence of accident in the Form – A (see Appendix - 2).

4.1.2 In the case of Type – B accidents (see Appendix – 1), Contractors shall submit their investigating reports, through their contracting officer, to the Safety officer (Mill) immediately but not later than 3 (three) working days after the occurrence of accident in the Form – A.

4.3 Monthly summary of accidents and cases of fire shall be prepared by each contractor in Form – B (see Appendix – 3) and be sent to the Safety officer (Mill) by the 7th of the next month.

4.3.1 Prime contractor reports shall include the man days lost and occurrence of accident under the jurisdiction of the Sub Contractors.

4.3.2 Contractors shall submit a narrative on safety activities and fire incidents for each month along with Form – B. The review should contain such items as Personnel and programme chance, major project started and major problem.
APPENDIX – 1

CLASSIFICATION OF ACCIDENTS

TYPE – A

1. Fatal injury.
2. Serious injuries such as fracture, dislocation, severe burns etc. necessitating hospitalisation.
3. Any injury to five or more persons.
4. Accidents resulting in damage by fire, Explosion etc.

TYPE – B

1. Minor injuries which results in laceration, abrasion, contusion etc.
2. Disabling injuries but not requiring hospitalisation.
APPENDIX – 2

GENERAL SAFETY GUIDE LINES

1. Suitable scaffolds should be provided for workmen for all works that cannot safely be done from the ground, or from solid construction except such short period work as can be done safely from ladders. When a ladder is used an extra mazdoor shall be engaged for holding the ladder and if the ladder is used for carrying materials as well, suitable footholds and handholds shall be provided on the ladder and the ladder shall be given an inclination not steeper than ¼ to 1 (1/4 horizontal and 1 vertical).

2. Every opening in the floor of a building or in a working platform be provided with suitable means to prevent the fall of persons or materials by providing suitable fencing or railing whose minimum height shall be 90 cm. (3 feet).

3. Adequate precautions shall be taken to prevent danger from electrical equipment.

4. No materials on any of the sites of work shall be so stacked or placed as to cause danger or inconvenience to any person or the public.

5. Dismantling: Before any dismantling work is commenced and also during the process of the work:—
   i) All roads and open areas adjacent to the work site shall either be closed or suitably protected.
   ii) No electric cable or apparatus which is liable to be a source of danger over a cable or apparatus used by the operator shall remain electrically charged
   iii) All practical steps shall be taken to prevent danger to persons employed from risk of fire or explosion. No floor, roof or other part of the building shall be so overloaded with scrap or materials as to render it unsafe.

6. All necessary personal safety equipment as considered adequate by the Engineer-in-Charge should be kept available for the use of the person employed on the site and maintained in a condition suitable for immediate use, and the contractor should take adequate steps to ensure proper use of equipment by those concerned.

7. When the work is done near any place where there is risk of drowning, all necessary equipments should be provided and kept ready for use and all necessary steps taken for prompt rescue of any person in danger and adequate provision should be made for prompt first-aid treatment of all injuries likely to be obtained during the course of the work.

8. Use of hoisting machines and tackle including their attachments, anchorage and supports shall conform to the following standards or conditions:
i) These shall be of good mechanical construction, sound material and adequate strength and free from patent defects and shall be kept in good repair and in good working order.

ii) Every rope used in hoisting or lowering materials or as a means of suspension shall be of durable quality and adequate strength, and free from patent defects.

iii) Thorough inspection and load testing of lifting machines and tackles shall be done by a third party, at least once in every 12 months and the records of such inspection and testing shall be maintained and a copy shall be submitted by the contractor to the departmental representative at site. Motors, transmission, couplings, belts, chain drives and other moving parts of hoisting appliances shall be provided with adequate safeguards. Hoisting appliances shall be provided with such means as it shall minimize the risk of any part of a suspended load becoming accidentally displaced or lowered.

iv) The contractor shall maintain a Register of Periodical Tests for Examination of Lifting Appliances at site. This register shall be kept available at site always for examination of the department.

v) Chain pulley block, D-shackles and wire ropes (lifting appliances) shall be of rated capacity at least 2.0 times more than the maximum desired load to be lifted.

9. **Personal Protective Equipment:** All necessary personal protective equipment (PPE) shall be provided by the contractor at his own cost, for his workers, supervisors, staffs and visitor/visiting staffs. All PPEs shall conform to relevant IS code / ASTM / BS or any other international code of practice as given under. The contractor shall make available all type of personal protective equipment for use of workers, supervisors and visitors at site as considered necessary by the Engineer-in-charge and they shall be maintained in a condition suitable for immediate use. Also the contractor shall take adequate steps to ensure proper use of equipment by those concerned.

   Full body harness safety belt: IS: 3521-1999
Fall arrester: EN 353-2:2002  
Safety shoes: IS: 15298 – 2002  
Hand gloves: IS: 4770 – 1991 (Reaffirmed 2001)

10. All persons employed or supervising at and / or visiting the construction site shall use safety helmets. The color coding of helmets may be adopted by the contractor as per site requirement. The contractor shall provide safety shoes for all his workers, supervisors, staffs and visitor/visiting staffs.

11. which shall be valid for maximum 6 (Six) months, for working at height. After every 6 (Six) months, these persons shall be medically examined in order to find out their fitness for working at height. List of unfit workers shall be submitted to the departmental representative and such persons may be allowed to work at ground level and in no case shall be engaged by the contractor to work at height. The records of medical checkups / fitness tests certified by the Medical Practitioner shall be maintained at the office of the contractor and shall be produced to the departmental representative as and when asked.

12. The contractor shall train and build up a general awareness in safety among the workers and staffs as a continuous effort throughout the contract duration. He shall develop and nurture a good safety culture among the staff and workers for an incident free completion of the work order.

13. **Safety Induction Training:** The contractor shall ensure that each and every new worker attends initial safety induction training before reporting at respective place of work. The workers shall report to the safety officer first for receiving safety induction training and after successful completion of such training they shall report to respective site engineer. The safety officer shall intimate the workers about the probable hazards related to the work and shall explain and demonstrate the importance and use of PPEs to them.

14. **Pep talk, Tool box training:** Subsequent to the initial safety induction training, the contractor site supervisor shall also conduct safety pep talks and tool box training for various teams of workers in regular interval at site. He shall arrange pep talks / tool box training on work related topics like use of various PPEs and tools, housekeeping, hot job, electrical works, etc. He shall solicit active participation of workers in such tool box training by asking them to share their experience with their fellow workers.
