13.1 As soon as possible, after the Contract is concluded, the Engineer-in-charge and the Contractor shall agree upon a Time and Progress Chart. The Chart shall be prepared in direct relation to the time stated in the Contract Documents for completion of items of the work. It shall indicate the force of the dates of commencement and completion of various trades or sections of the work and may be amended as necessary by agreement between the Engineer-in-charge and the Contractor within the limitation of time imposed in the Contract documents, and further to
ensure good progress during the execution of the work, the Contractor shall minimum in all cases in which the time allowed for any work exceed one month (save for special jobs) complete 1/8th of the whole of the work before 1/4th of the whole time allowed in the Contract has elapsed 3/8th before 3/4th of such time has elapsed.

13.2 If the works be delayed by
(a) Force major, or
(b) Abnormally bad weather, or
(c) Serious loss or damage by fire, or
(d) Civil commotion, local combination of workmen, strike or engaged by Corporation in executing work not forming part of the Contract, or
(e) Delay on the part of other Contractor or tradesman engaged by Corporation in executing work on to forming part of the Contract, or
(f) Non-availability of stores which are the responsibility of Corporation to supply, or
(g) Non-availability or break-down of Tools and Plant to be supplied or supplied by Corporation or
(h) Any other cause, which, in the absolute discretion of the Corporation, is beyond the Contractor's control.

Then upon the happening of any such event causing delays, the Contractor shall immediately give notice thereof in writing to the Engineer-in-charge but shall nevertheless use constantly his best endeavors to prevent or make good the delay and shall do all that may be reasonably required to the satisfaction of the Engineer-in-charge to proceed with the work.

61.00 Request for extension of time to be eligible for consideration shall be made by the Contractor in writing within fourteen days of the happening of the event causing delay. The Contractor may also, if practicable, indicate in such request the period for which extension is desired.

62.00 In any such case the Corporation may give a fair and reasonable extension of time for completion of the work. Such extension shall be communicated to the Contractor by the Engineer-in-charge in writing within 3 months of the date of receipt of such request by the Engineer-in-charge.

63.00 The Contractor shall arrange at his own expenses all tools, plant and equipment (hereinafter referred to as T & P) required for execution of the work.

64.00 The Contractor requires any item of T & P on hire from the Corporation, the Corporation will, if such item is available and the same can be spared, hire it to the Contractor at a rate to be fixed by the Engineer-in-charge.

65.00 The period of hire will be reckoned from the commencement of the day of issue unto the end of the day of the day of return (including all recognized holidays) irrespective of the actual hour of issue and return. The Contractor will be exempt from levy of any changes for the number of days he is called upon in writing by the Engineer-in-Charge to suspend execution of the work, provided Corporation’s T & P in question has, in fact, remained idle with the Contractor because of the suspension, provided the Contractor, in case the period of suspension exceeds 11 days, returns Corporation’s T & P to the place from where it was issued.

67.00 The Corporation gives no guarantee in respect of output of his T & P hired to the Contractor and no reduction in rates or any compensation shall be allowed on the ground that the performance of Corporation’s T & P was not upto Contractor’s expectation.

68.00 Corporation’s T & P hired to the Contractor shall be returned at the place of issue (unless otherwise directed) by the Contractor to the Engineer-in-charge on completion of the work or section of work or earlier on termination of the hire by the Corporation. Engineer-in-charge shall be entitled to terminate the hire on two days notice without assigning any reason whatsoever and the Contractor shall have no claim to any payment of compensation or otherwise whatsoever on account of termination of hire of Corporation’s T & P by the Corporation. In such an event, however, a reasonable extension of time shall be given by the Engineer-in-charge.

69.00 A Log Book for recording hours during which every item of Corporation’s T & P issued to the Contractor has worked each day shall be maintained by the member of the crew in-charge.

70.00 **MATERIALS**

a. The Contractor shall at his own expense, provide all materials required for the works other than those, which are to be supplied by the Corporation

a.1. All materials to be provided by the Contractor shall be in conformity with the specifications laid down in the relevant Indian standard and the Contractor shall, if requested by the Engineer-in-charge furnish proof, to the satisfaction of the Engineer-in-charge, that the materials so comply.

a.2 The Contractor shall, at his own expense and without delay, supply to the Engineer-in-charge samples of materials proposed to be used in the works. The Engineer-in-charge shall within seven days of supply of samples or within such further period as he may require and intimate to the Contractor in writing whether samples are approved by him or not. If sample are not approved, the Contractor shall forthwith arrange to supply to the Engineer-in-charge for his approval fresh samples complying with the specifications laid down in the Contract.

a.3. The Engineer-in-charge shall have full powers to require removal of any or all of the materials brought to site by the Contractor which are not in accordance with the contract specifications or do not conform in character or quality to samples approved by him. In case of default on the part of the Contractor in removing rejected materials the Engineer-in-charge shall be at liberty to have them removed by other means. The Engineer-in-charge shall have full powers to procure other proper materials to be substituted for rejected materials and in the event of the Contractor refusing to comply, he may cause the same to be supplied by other means. All cost, which may accrue upon such removal and/or substitution, shall be borne by the Contractor.

a.4. The Contractor shall indemnify the Corporation servant or employee of the Corporation against any action, claim or preceding relating to infringement or use of any patent or design or any alleged patent or design or any alleged patent or design rights and shall pay any royalties or other charges which may be payable in respect of any article or material or part thereof included in the contract. In the event of any claim being made or action being brought against Corporation in respect of any such matters as aforesaid, the Contractor shall immediately be notified thereof.

Provided that such indemnity shall not apply when such infringement has taken place in complying with the specific directions issued by the Corporation but the Contractor shall pay any royalties or other charges payable in respect of any such use, the amount so paid being reimbursed to the Contractor only if the use was the result of any drawing and/or specification issued after submission of the tender.

Signature of the tenderer with seal
a.5. All charges on account of Octroi terminal or sales tax and other duties on materials obtained for the works from any source (excluding materials supplied by the Corporation) shall be borne by the Contractor.

a.6. The Engineer-in-charge shall be entitled to have test carried out for any materials supplied by the Contractor other than these for which satisfactory proof has already been furnished, at the cost of the Contractor and the Contractor shall provide at his expense all facilities, which the Engineer-in-charge may require for the purpose.

71.00 Delay in Obtaining Materials by the Corporation

a) Materials to be supplied by the Corporation are shown in Schedule-B, which also stipulates quantum, place of issue and rate(s) to be charged in respect thereof.

b) If after acceptance of the tender the Contractor desires the Corporation to supply any other materials, such materials may be supplied by the Corporation, if available at rates to be fixed by the Engineer-in-charge and on payment before the materials are issued to the Contractor.

c) For the materials listed in Schedule-B, which the Corporation has agreed to supply the Contractor, he shall give a reasonable notice in writing to his requirements to the Engineer-in-charge in accordance with the agreed phased programme. Such materials shall be set off or deducted, as and when materials are consumed in items or work for which payment is being made to the Contractor, from any sums then due or which payment is being made to the Contractor, from any sums then due or which may after become due or which may after become due to the Contractor, under the Contract. At the time of submission of bills the Contractor shall properly account for the materials issued to him to the satisfaction of the Engineer-in-charge, certify that balance of materials supplied is available at site.

d) The Contractor shall bear the cost of loading, transporting to site, unloading, storing under cover as required, assembling and joining the several parts together as necessary incorporating of fixing materials in the works including all preparatory work of whatsoever description as may be required.

e) All materials issued to the Contractor by the Corporation for incorporation or fixing in the works (including preparatory work) shall on completion or on foreclosure of the work be returned by the Contractor at his expense, at the place of issue, after making due allowance for actual consumption reasonable wear and tear and/or waste. If the Contractor is required to deliver such materials at a place other than the place of issue, he shall do so and the transportation charges from the site to such place, less the transpiration charges which would have been incurred by the Contractor had such materials been delivered at the place of issue, shall be borne by the Corporation.

f) Surplus materials returned by the Contractor shall be credited to him by the Engineer-in-charge at rates not exceeding these at which these were originally issued to him after taking into consideration any deterioration of damage, which may have been caused to the said materials list in the custody of the Contractor.

g) If on completion of works the Contractor fails to return surplus materials out of these supplied by the Corporation then in addition to any other liability which the Contractor would incur the Engineer-in-charge may, by a written notice to the Contractor require him to pay within a fortnight of receipt of the notice, for such unreturned surplus materials at double the issue rate.

h) Owing to difficulty in obtaining certain controlled and other materials in the market, the Corporation has undertaken to supply them as specified in Schedule-B. There may be delay in obtaining these materials by the Corporation and the Contractor is therefore, required to keep himself in touch with the day to day position regarding the supply of materials from the Engineer-in-charge and to so adjust the progress of the work that their labour may not remain idle in obtaining the materials. It should be clearly understood that no claim whatsoever shall be entertained by the Corporation on account of delay in supplying materials.

Without limiting his obligations and liabilities as above provided, the Contractor shall insure against all claims, damages or compensation
payable under the Workmen’s Compensation Act, 1923 or any modification thereof or any other law relating thereof.

100.00 The aforesaid insurance policy/policies shall provide that they shall not be cancelled till the Engineer-in-charge has agreed to their cancellation.

101.00 The Contractor shall prove to the Engineer-in-charge from time to time that he has taken out all the insurance policies referred to above and has paid the necessary premiums for keeping the policies alive till completion of work.

102.00 The Contractor shall ensure that similar insurance policies are taken out by his sub-Contractor (if any) and shall be responsible for any claims or losses to the Corporation resulting from their failure to obtain adequate insurance protection in connection thereof. The Contractor shall produce or cause to be produced by his sub-contractors (if any) as the case may be the relevant policy or policies and premium receipts as and when required by the Engineer-in-charge.

103.00 If the Contractor and/or his sub-Contractor (if any) shall fail to effect and keep in force the insurance referred to above or any other insurance which he/they may be required to effect under the terms of the contract, then and in any such case the Corporation may, without being bound to, effect and keep in force any such insurance and pay such premium or premium as may be necessary for that purpose and from time to time deduct the amount so paid by the Corporation from any money due or which may become due to the Contractor or recover the same as debt due from the Contractor.

104.00 **Facilities to other Contractors**
The Contractor shall, in accordance with requirements of the Engineer-in-charge, afford all reasonable or separate contracts in connection with the works and for departmental labour and labour of any other properly authorized authority or statutory body which may be employed at the site on execution of any work not included in the Contract or of any Contract which the corporation may enter into in connection with or ancillary to the works.

105.00 **Notice of Local Bodies**
The Contractor shall comply with and give all notices required under any governmental authority, instrument, rule or order made under any Act of parliament, State Laws of any regulation or Bye-laws of any local authority relating to the works. He shall before making any variation from the contract drawings necessitated by such compliance give to the Engineer-in-charge a written notice giving reasons for the proposed variation and obtain the Engineer-in-charge’s instructions thereon.

i. The Contractor shall pay and indemnify the Corporation against any liability in respect of any fees or charges payable under any Act of parliament, State laws or any Government instrument, rule or order and any regulations or Bye-laws of any local authority in respect of the works.

The Contractor shall not sublet any portion of the contract without the prior written approval of the Accepting Authority.

107.00 **Instructions and Notices**
Subject as otherwise provided in this contract, all notices to be given on behalf of the Corporation and all other actions to be taken on its behalf may be given or taken by the Engineer-in-charge or any officer for the time being entrusted with the functions, duties and powers of the Engineer-in-charge.
108.00 All instructions, notices and communications etc. under the contract shall be given in writing and if sent by registered post to the last known place of above or business of the Contractor shall be deemed to have been served on the date when in the ordinary course of post these would have been delivered to him.

109.00 The Contractor or his Agent shall be in attendance at the site/sites during all working hours and shall superintend the execution of works with such additional assistance in each trade as the Engineer-in-charge may consider necessary. Orders given to the Contractor’s Agent shall be considered to have the same force as if they had given to the Contractor himself.

110.00 The Engineer-in-charge shall communicate or confirm his instructions to the Contractor in respect of the execution of work in a works site order Book ‘maintained in the office of the Engineer-in-charge and the Contractor or his authorized representative shall confirm receipt of such instructions by signing the relevant entries in this book. If required by the Contractor, he shall be furnished a certified true copy of such instruction(s).

111.00 If at any time after acceptance of the tender the Corporation shall decide to abandon or reduce the scope of the works for any reason whatsoever and hence not require the whole or any part other the works to be carried out, the Engineer-in-charge shall give notice in writing to that effect to the Contractor and the Contractor shall have no claim to any payment of compensation or otherwise whatsoever, on account of any profit or advantage which he might have derived in consequence of the foreclosure of the whole or part of the works.

113.01 The Contractor shall be paid at contract rates full amount for works executed at site and, in addition, a reasonable amount as certified by the Engineer-in-charge for the items hereunder mentioned which could not be utilized on the work to the full extent because of the foreclosure.

(a) Any expenditure incurred on preliminary site work e.g. temporary access roads, temporary labour huts, staff quarters and site office storage accommodation and water storage tanks.

(b) (i) The Corporation shall have the option to take over Contractor’s materials or any part thereof either brought to site or of which the Contractor is legally bound to accept delivery from supplies (for incorporation in or incidental to the work), provided, however the Corporation shall be bound to take over the materials or such portions thereof as the Contractor does not desire to retain. For materials taken over or to be taken over by the Corporation, cost of such materials shall, however, take into account purchase price, cost of transportation and deterioration or damage which may have been caused to materials while in the custody of the Contractor.

(ii) For Contractor’s materials not retained by the Corporation, reasonable cost of transporting such materials from site to Contractor’s permanent stores or to his other works, whichever is less. If materials are not transported to either of the said places, no cost of transportation shall be payable.

(c) If any materials supplied by the Corporation are tendered surplus, the same except normal wastage shall be returned by the Contractor to the Corporation at rates not exceeding those at which these were originally issued less allowance for any deterioration or damage which may have been caused while the materials were in the custody of the Contractor. In addition, cost of transporting such materials from site to the Corporation Stores, if so required by the Corporation.

(d) Reasonable compensation for transfer of T & P from Site to Contractor’s permanent stores or to his other works, whichever is less. If T & P are not transported to either of the said places, no cost of transportation shall be payable.
113.02 The Contractor shall if required by the Engineer-in-charge, furnish to him books of account, wage books, time sheets and other relevant documents as may be necessary to enable him to certify the reasonable amount payable under this condition.

112.00 **Termination of Contract for Death**
