**Besides above items the contractor shall bring in other tools and tackles as per their requirement.**

6) The contractor will have to give name, father’s name, age, Academic qualification detail, address of all workmen, technicians, supervisors to be engaged along with recent passport size photograph duly attested by a class-1 govt. officer within 7 (seven) days before actual commencement of work so that permanent gate pass can be issued. **Police verification certificate (NOC) of the persons must be submitted prior to engaging them work for issuance of gate pass.**

7) **Safety & security of UCIL materials:** Tenderer will be responsible for safe keeping of materials issued by UCIL on free of cost / chargeable basis and on completion of work or during the course of work all materials issued to the Tenderer should be accounted for.

8) **Inspection of tools and tackles:** - Time to time the engineer-in-charge shall inspect the tools and tackles of the contractor. If he finds any tools and tackles that is not in proper shape or that may lead to safety hazard, the contractor will have to take the defective tool out of the plant premises. If the contractor cannot arrange the said tool within 7 (seven) days UCIL may provide the same on chargeable basis.

9) The corporation will not provide any accommodation for your staff / labourers deployed at site.

10) The corporation will not provide any food for your staff / labourers deployed at site at the extended hours/ normal hours.

11) Commencement of work by the Contractor can be affected before execution of agreement but after issue of work order / letter of intent and fulfilling of statutory requirements of Insurance by the contractor. Contract Agreement should be executed within one month from the date of issue of work order / L.O.I. However, no payment will be made without execution of contract agreement.

12) **Insurance:** - The contractor shall ensure & maintain insurance against his liability for accident or injury to workmen & shall from time to time when so required by the Engineer produce this policy & the receipts of premiums paid or satisfactory evidence of insurance cover. Any such policy shall also
indemnify UCIL against any claim raised by the injured/affected workmen or his family.

13) Party shall have to take **ESI insurance coverage** for all the **labour deployed** before/during the tenure of work.

14) Working under this contract will not qualify or give any additional claim to any contract employee for employment in UCIL. All statutory rules and regulations applicable as per workmen’s Compensation Act shall be followed by the contractor while engaging and disengaging the Workers / Employees.

15) The contractor has to tackle all labour related issues and maintain smooth IR relation at site so that the job can progress uninterruptedly.

16) **Training**: Contractor shall have to bring all their labourers for necessary training in Mill Training Centre before actual commencement of the work. The work shall be carried out with the help of experienced / skilled persons or ITI certificate holders or equivalents, etc. And supervisor having Supervisory Certificate of Competency is to be engaged for supervision or as per direction of the Engineer-in-charge.

17) **Medical facilities**: The contractor shall be fully responsible for any first aid/emergency treatment or serious medical treatment to his employees. UCIL will provide medical facilities in serious cases only on chargeable basis to contractor’s employees.

18) **Manpower details**: The contractor will have to submit the details of the persons to be employed for this work within two days of award of work. The contractor will be allowed to start the work only after submission of the details. Proforma of Attestation Forms (02 nos.) may be obtained from site office, Mill for necessary verification of every labourer separately and submission to the Engineer-in-charge, UCIL for onward transmission to the competent authority, UCIL.

19) **UCIL’s safety Rules & Regulation** for contractor’s employees as given in the Annexure- B will be complied strictly during the execution of various works at site. All safety gadgets & appliances as required for carrying out maintenance jobs shall be supplied by the contractor without any extra cost. Regular health checks (as per UCIL norms / instruction) of the staffs / workmen at the contractor’s cost are essential part of this contract.

20) **Insurance**: The contractor shall be solely and wholly responsible for any
accident that may occur during execution of the work and also for injury to person / persons or damage to the property of any description what so ever caused during the execution of the work. In the event of any such accident the contractor shall be responsible and shall pay proper compensation for the same as per workmen’s compensation Act. The contractor shall keep the purchaser UCIL safe and harmless and indemnified against all claims and expenses, for any such damage or injury to any property or person. The contractor shall make adequate insurance policy at their own cost so that the workmen employed by them are sufficiently covered against the risk of any accident.

21) The contractor shall be responsible for the compliance of all the rules and regulations of the land as detailed but not be limited to the following prevailing acts:

   c. Payment of Wages Act.
   d. Bonus Act.
   e. Contract Labours (Regulation & Abolition) Act as prevalent and the rules and regulations made therein from time to time and shall indemnify the hold harmless the UCIL / Purchaser against any claim arising out of compliance or any non-compliance and / to the third party.

20) CONTRACTOR’S OBLIGATIONS:

   a) Pre-requisites: The contractor has to fulfil statutory obligations towards Provident Fund (PF), ESIC (ESI), Labour Licence and all Labour Laws as applicable and amended from time to time. In addition, contractor has to get all his employees verified by Police Authorities as mentioned at Sl. (e).

   b) ESI: All employees of the contractor must have their own ESIC Registration Code Number and individual ESIC A/C. No. of the labourers. If the contractor labours are not covered under ESIC Act, then they are required to produce Group Insurance Policy linked with Workmen’s Compensation.

   c) Provident Fund (PF): The contractor is required to have his own PF Code No. and fulfil all obligations under the Provident Fund Act.
d) Labour Licence: Contractor deploying 20 or more employees to execute an Order will have to obtain Labour Licence from the Office of the Labour Commissioner.

e) Police Verification: Contractors are required to get their employees police verified from the concerned police authorities of the respective zones/police station/thana depending upon the place of residence of the employee. The contractor has to make an application on Contractor's letter-head to the concerned office for Police Verification Report (PVR), attaching personal particulars of each employee, in the prescribed Form.

f) Contractor will be responsible for making monthly payment to the personnel (skilled / Semiskilled / Unskilled) deployed by him, on or before 7th of every month without fail in presence of Company’s authorized representative. In case of any lapse on their part or on part of the personnel deployed by contractor, he will be held exclusively and directly responsible. Payment for providing services beyond the scheduled hours (Over time) will be paid on actual basis depending upon the requirement.

g) That the contractor shall submit detail of the names, parentage, residential address, age, ID proof, photographs etc. of the persons deployed by him in the premises of UCIL for the purpose of proper identification of the employees of contractor deployed along with police verification. These employees shall display their identity cards at the time of duty.

h) That the persons so deployed shall be exclusively for duties for this tender only.

i) That the contractor shall comply with the statutory provisions of Contract Labour (Regulation & Abolition) Act, Payment of Wages Act, 1936. The Employees Provident Fund (and miscellaneous Provisions) Act, 1952, Payment of Bonus Act, 1965, the Minimum Wages Act, 1948, Employer’ Liability Act, 1923, Employment of Children Act, 1938 and/or any other Rules/Regulations and/or statutes that may be applicable to them and shall further keep the corporation indemnified from all acts of omission, fault breaches and/or any claim, demand; loss; injury and expense arising out from the non-compliance of the aforesaid statutory provision. Contractor’s failure to fulfil any of the obligations hereunder and/or under the said Act’s rules/regulations and/or any bye-laws or rules framed under or any of these the corporation shall be entitled to recover any of the such losses of expenses which it may have to suffer or incur on account of
such claims, demands, loss or injury from the contractor’s monthly payments/RA bills.

j) It is obligatory on the Contractor to ensure that wages paid should not be less than the minimum wages fixed by the Central Government / State Government whichever is available, from time to time and all statutory requirements such as Provident Fund, Employees State Insurance and Bonus etc. must be incorporated in salary.

k) That the contractor shall submit every month the proof of having deposited the amount of contribution on account of ESI & EPF towards the persons deployed at UCIL in their respective names before submitting the R.A. bill for the subsequent month. In case the contractor fails to do so, the R.A. bill claimed shall be withheld till submission of required documents.

l) That the contractor shall particularly abide by the provisions of Minimum Wages Act, 1948.

m) That the contractor shall be required to maintain permanent attendance register & muster roll at the UCIL premises which shall be open for inspection and checking by the authorized officers of UCIL.

n) That the contractor shall make the payment of wages, etc. to persons so deployed in the presence of representative of UCIL and shall on demand furnish copies of wage register/muster roll, etc.

o) The contractor shall take all reasonable precautions to prevent any unlawful, riotous or disorderly conduct or acts of his employees so deployed.

p) That the contractor shall deploy his persons in such a way that they get weekly rest. That the personnel deployed shall not be below the age of 18 years and they shall not interfere with the duties of the employees of this Department.

q) In case, the tendering Agency fails to comply with any statutory/ taxation liability under appropriate law and as a result thereof the Department is put to any loss/ obligation, monetary or otherwise, the Department will be entitled to get itself reimbursed out of the outstanding bills or the Performance Security Deposit of the Agency, to the extent of the loss or obligation in monetary terms.

r) The service provider's personnel shall not claim any benefit / compensation/ regularization or services from this Department under the provision of Industrial Dispute Act, 1947 or Contract Labour (Regulation & Abolition) Act, 1970. 

Undertaking
from the persons to this effect shall be required to be submitted by the service provider to this Department.

s) In case of break of any terms & conditions stipulated in the contract, the performance security deposit of the Agency will be liable to be forfeited by this Department besides annulment of the contract.

In case the contractor fails to make arrangements as aforesaid, the Engineer/Officer-in-charge shall be entitled to do so and recover the cost thereof from the Contractor.

6.2 Failure to comply with Model Rules for Labour Welfare, Safety code or the provisions relating the report on accidents and to grant Maternity Benefits to female workers shall make the Contractor liable to pay to the Corporation as liquidated damages for each default on materially incorrect statement or reports from the Engineer/Officer-in-charge in such matters, based on reports from the Inspecting officers shall be final and binding and deductions for recovery of such liquidated damages may be made from the any amount payable to the Contractor.

7. USE OF LAND AND PROPERTY OWNED BY UCIL

7.1 The Contractor shall not be permitted to enter an (other than for inspection purpose) or take possession of the site until instructed to do so by the Engineer/Officer-in-charge in writing. The portion of the site to be occupied by the Contractor shall be defined and/or marked on the site plan, failing which these shall be indicated by the Engineer/Officer-in-charge at Site and the Contractor shall on no account be allowed to extent him operations beyond these areas. In respect of any land allotted to the Contractor for purposes of or in connection with the Contract, the Contractor shall bear a license subject to the following and such other terms and conditions as may be imposed by the license :-

7.1.A that he shall pay a nominal license fee for use and occupation, in respect of each and every separate area of land allotted to him,
7.1.B that such use or occupation shall not confer any right of tenancy of the land to the Contractor,
7.1.C that the contractor shall be liable to vacate the land on demand by the Engineer/Officer-in-charge,
7.1.D that the Contractor shall have no right to any construction over this land without the written permission of the Engineer/Officer-in-charge. In case he is allowed to construct any structure he shall have to demolish and clear the same before handing over the completed work unless agreed to the contrary.
7.2 The Contractor shall provide, if necessary or if required on the site, all temporary access there to and shall alter, adapt and maintain the same as required from time to time and shall take up and clear them away as and when no longer required and as and when ordered by the Engineer/Officer-in-charge and make good all damage done to the site.

8. LOCAL BODIES

8.1 Notice of Local Bodies - The contractor shall comply with and give all notices required under any governmental authority, instrument, rule or order made under any Act of parliament, State Laws or any regulation or Bye-laws of any local authority relating to the works. He shall before making any variation from the contract drawings necessitated by such compliance give to the Engineer/Officer-in-charge a written notice giving reasons for the proposed variation and obtain the Engineer/Officer-in-charge’s instructions thereon.

8.2 The Contractor shall pay and indemnify the Corporation against any liability in respect of any fees or charges payable under any Act of parliament, State laws or any Government instrument, rule or order and any regulations or Bye-laws of any local authority in respect of the works.

MODEL RULES FOR LABOUR WELFARE:

1.1.1 The Contractor shall at his own expenses comply with or cause to be complied with Model Rules for Labour Welfare as provided under the rules framed by the appropriate Government from time to time for protection of health and making sanitary arrangements for workers directly or indirectly on the works. In case the contractor fails to make arrangements as aforesaid, the Engineer in charge shall be entitled to do so and recover the cost thereof from the Contractor.

1.1.2 Failure to comply with Model Rules for Labour Welfare, Safety Code or the provisions relating to report on accidents and to grant Maternity Benefit to Female workers shall make the contractor liable to the Corporation as liquidated damages an amount not exceeding Rs. 50.00 for each default or materially incorrect statement. The Decision of the Engineer in charge in such matters based on reports from the Inspecting Officers shall be final and binding and deducting officers shall be final and binding and deductions for recovery of such liquidated damages may be from any amount payable to the contractor.

1.1.3 Bidder should accept to submit/compile the below forms/documents during submission of their Running Account bills as per Annexure-X after receipt of Work order.
### Forms/Documents to be followed during Running bills submissions after issuing of order:

SAFETY OF CONTRACTOR’S EMPLOYEES

1. The contractor shall at all times, take all reasonable precaution for the safety of employee, including those of sub – contractors in the performance of his contract and shall comply with all applicable provisions of both central as well as the state safety laws. In addition to the safety provisions, the contracting officer shall include the SAFETY requirements as RECOMMENDED by the Health Physics Unit, Tummalapalle for a specified contract.

In the event that contractor fails to comply with these provisions, the contracting officer may, without prejudice to any other legal or contractual rights, issue an order for stopping all or any part of the work, thereafter a start order for resumption of work may be issued at the sole discretion of the contracting officer . The contractor shall make no reason of or in connection with such stoppage.

2. Contractor shall have a full time Safety Officer / Engineer when the contractor employ 500 or more persons or when engaged specifically in hazardous work.. In the case of contractors employing fewer than 500 persons, his safety representative shall be an employee in a high supervisory capacity and his safety duties may be in addition to his other technical / administrative duties.

3. Contractor shall have at least one person fully trained in First Aid to be present at the site of work all time.

4. Contractor must report to the safety officer (Mill) – through their contracting officer every accident involving
   - Their personnel
   - UCIL property or personnel.
   - Property or personnel of other contractors working at the site.

4.1 Contractor must report to the safety officer (Mill) immediately on becoming aware of any accident of Type - A (see Appendix –1) giving the following information:
   - Name of the informant
   - Nature and location of incident being reported
   - Name of supervisor / Engineer – in – charge, location and telephone no. where he can be reached.

4.1.1 Contractor shall submit their investigation reports, through their contracting officer, to the Safety officer (Mill) immediately but not later than 3 (three) working days after the occurrence of accident in the Form – A (see Appendix - 2)

4.1.2. In the case of type – B accidents (see Appendix – 1), Contractors shall submit their investigating reports, through their contracting officer, to the Safety officer (Mill)
immediately but not later than 3 (three) working days after the occurrence of accident in the Form – A.

4.1.3 Monthly summary of accidents and cases of fire shall be prepared by each contractor in Form – B (See Appendix – 3 and be sent to the Safety officer (Mill) by the 7th of the next month.

4.1.4 Prime contractor reports shall include the man days lost and occurrence of accident under the jurisdiction of the sub contractors.

4.1.5 Contractors shall submit a narrative on safety activities and fire incidents for each month along with Form – B. The review should contain such items as Personnel and programme chance, major project started and major problem.

-----------------------------------------------------------------------------------------------

APPENDIX – 1

CLASSIFICATION OF ACCIDENTS

TYPE – A

1. Fatal injury.
2. Serious injuries such as fracture, dislocation, severe burns etc. necessitating hospitalisation.
3. Any injury to five or more persons.
4. Accidents resulting in damage by fire, Explosion etc.

TYPE – B

1. Minor injuries which results in laceration, abrasion, contusion etc.
2. Disabling injuries but not requiring hospitalisation.
APPENDIX – 2

cc: Engineer – Incharge
cc: Safety officer, UCIL (MILL)
GENERAL SAFETY GUIDE LINES:

1. Suitable scaffolds should be provided for workmen for all works that cannot safely be done from the ground, or from solid construction except such short period work as can be done safely from ladders. When a ladder is used an extra mazdoor shall be engaged for holding the ladder and if the ladder is used for carrying materials as well, suitable footholds and handholds shall be provided on the ladder and the ladder shall be given an inclination not steeper than ¼ to 1 (1/4 horizontal and 1 vertical).

2. Every opening in the floor of a building or in a working platform be provided with suitable means to prevent the fall of persons or materials by providing suitable fencing or railing whose minimum height shall be 90 cm. (3 feet).

3. Adequate precautions shall be taken to prevent danger from electrical equipment.

4. No materials on any of the sites of work shall be so stacked or placed as to cause danger or inconvenience to any person or the public.

5. **Dismantling**: Before any dismantling work is commenced and also during the process of the work:
   i) All roads and open areas adjacent to the work site shall either be closed or suitably protected.
   ii) No electric cable or apparatus which is liable to be a source of danger over a cable or apparatus used by the operator shall remain electrically charged.
   iii) All practical steps shall be taken to prevent danger to persons employed from risk of fire or explosion. No floor, roof or other part of the building shall be so overloaded with scrap or materials as to render it unsafe.

6. All necessary personal safety equipment as considered adequate by the Engineer-in-Charge should be kept available for the use of the person employed on the site and maintained in a condition suitable for immediate use, and the contractor should take adequate steps to ensure proper use of equipment by those concerned.

7. When the work is done near any place where there is risk of drowning, all necessary equipments should be provided and kept ready for use and all necessary steps taken for prompt rescue of any person in danger and adequate provision should be made for prompt first-aid treatment of all injuries likely to be obtained during the course of the work.

8. Use of hoisting machines and tackle including their attachments, anchorage and supports shall conform to the following standards or conditions:
   i) These shall be of good mechanical construction, sound material and adequate strength and free from patent defects and shall be kept in good repair and in good working order.
ii) Every rope used in hoisting or lowering materials or as a means of suspension shall be of durable quality and adequate strength, and free from patent defects.

iii) Thorough inspection and load testing of lifting machines and tackles shall be done by a third party, at least once in every 12 months and the records of such inspection and testing shall be maintained and a copy shall be submitted by the contractor to the departmental representative at site. Motors, transmission, couplings, belts, chain drives and other moving parts of hoisting appliances shall be provided with adequate safeguards. Hoisting appliances shall be provided with such means as it shall minimize the risk of any part of a suspended load becoming accidentally displaced or lowered.

iv) The contractor shall maintain a Register of Periodical Tests for Examination of Lifting Appliances at site. This register shall be kept available at site always for examination of the department.

v) Chain pulley block, D-shackles and wire ropes (lifting appliances) shall be of rated capacity at least 2.0 times more than the maximum desired load to be lifted.

9. Personal Protective Equipment: All necessary personal protective equipment (PPE) shall be provided by the contractor at his own cost, for his workers, supervisors, staffs and visitor/visiting staffs. All PPEs shall conform to relevant IS code / ASTM / BS or any other international code of practice as given under. The contractor shall make available all type of personal protective equipment for use of workers, supervisors and visitors at site as considered necessary by the Engineer-in-charge and they shall be maintained in a condition suitable for immediate use. Also the contractor shall take adequate steps to ensure proper use of equipment by those concerned.

Full body harness safety belt: IS: 3521-1999

Fall arrestor: EN 353-2:2002

Safety shoes: IS: 15298 – 2002

Hand gloves: IS: 4770 – 1991 (Reaffirmed 2001)

10. All persons employed or supervising at and / or visiting the construction site shall use safety helmets. The colour coding of helmets may be adopted by the contractor as per site requirement. The contractor shall provide safety shoes for all his workers, supervisors, staffs and visitor/visiting staffs.

11. Persons engaged in welding and gas cutting works shall use appropriate welding face shields, leather hand gloves and protective clothes. The persons who assist the welders shall use appropriate goggles.

12. Persons working at height above ground level or floor and exposed to risk of falling down shall use full harness safety belts, kinetic shock absorbers, fall arrestor, life lines, and grab ropes. The working platform and access shall be protected by cages, guard railings, etc. The area beneath shall be protected by safety net of adequate strength (as per IS: 11077 – 1984) fastened to substantial supports.

13. When structural repairs, modification or painting works are to be undertaken, appropriate measures shall be taken for the protection of persons whose work may bring them into the proximity of live equipment/circuit.

14. All portable appliances shall be provided with three core cables and three pin plugs. The third pin of the plug shall invariably be earthed. It shall be ensured that the metal part of the equipment shall be effectively earthed.

15. All connections to portable equipment or machines from the panel/distribution board/extension board shall be taken using 3 core double insulated PVC flexible copper wire in one length. No joints shall be allowed in this flexible wire. In case, single length of wire is not sufficient for a particular location then the supply can be tapped by providing another extension board comprising of switch and socket. Isolation switch shall be made available as close as possible to the equipment.

16. After the completion of the work, the contractor shall have removed from the work premises all scaffoldings, surplus materials, scrap, rubbish and all temporary structures, used/installed for his workmen at site. The contractor shall stack all undesirable materials and debris to the designated area at his own cost, as directed by Engineer-in-charge. The Engineer-in-charge has the right to stop work if the Contractor fails to improve upon the housekeeping after having been notified.

17. The contractor shall instruct workmen to keep all accesses clear from any obstruction and unwanted material for free and safe movement of the workers and staffs including
departmental staffs. He shall provide tool box and safe means for carrying tools (for working at height) to all his workers so that tools and tackles are kept in proper place.

18. All the workers, supervisors and engineers of the contractor, who will work at height, shall have valid height passes issued as per Annexure R4 by the Safety Officer / Medical Attendant in consultation with the Authority of the Safety Unit, UCIL. Each such individual shall be medically examined by a Medical Practitioner, for blood pressure, vision, hearing, and efficient movement of limbs, epilepsy, vertigo or any other persistent diseases that make him/her medically unfit for working at height. The fit persons shall be issued height passes, which shall be valid for maximum 6 (Six) months, for working at height. After every 6 (Six) months, these persons shall be medically examined in order to find out their fitness for working at height. List of unfit workers shall be submitted to the departmental representative and such persons may be allowed to work at ground level and in no case shall be engaged by the contractor to work at height. The records of medical checkups / fitness tests certified by the Medical Practitioner shall be maintained at the office of the contractor and shall be produced to the departmental representative as and when asked.

19. The contractor shall train and build up a general awareness in safety among the workers and staffs as a continuous effort throughout the contract duration. He shall develop and nurture a good safety culture among the staff and workers for an incident free completion of the work order.

20. Safety Induction Training: The contractor shall ensure that each and every new worker attends initial safety induction training before reporting at respective place of work. The workers shall report to the safety officer first for receiving safety induction training and after successful completion of such training they shall report to respective site engineer. The safety officer shall intimate the workers about the probable hazards related to the work and shall explain and demonstrate the importance and use of PPEs to them.

21. Pep talk, Tool box training: Subsequent to the initial safety induction training, the contractor site supervisor shall also conduct safety pep talks and tool box training for various teams of workers in regular interval at site. He shall arrange pep talks / tool box training on work related topics like use of various PPEs and tools, housekeeping, hot job, electrical works, etc. He shall solicit active participation of workers in such tool box training by asking them to share their experience with their fellow workers.

**Annexure-E:**

**TECHNO-COMMERCIAL DEVIATION SCHEDULE:**

Bidder should agree to all the Techno-commercial terms and conditions of the Nit document. However, deviation, if any, should be stated as per the following schedule and to be submitted along with the techno-commercial bid failing which it will be presumed that all terms and conditions are acceptable to them. The owner reserves the right to reject the offer on account of such deviations if the bidder, on advice of owner, does not withdraw the deviations.

Following are the deviations proposed by us relating to Techno-commercial terms and conditions Deviation, if any

<table>
<thead>
