2.	Grinding Ball	i) 100mm-Sec.A & Bi ii) 40mm-Sec.A iii) 80mm-Sec.C iv) 30mm-Sec.C	8 MT 30 MT 1 MT 3 MT	i) Twice a month ii) Weekly thrice iii) Once a month iv) Twice a month
3.	Flocculent : i) Guar Gum ii) Synthetic (acid leach) iii) Synthetic (for neutral slurry)	Section-C Section-C Section-A	2.5 – 3.5 MT 1250 Kgs. 400 Kgs.	Once in 8-10 days Once every week Once a week

4.	Filter Media	Section-A	1170 mtrs. (1.2 MT)	Once every week
5.	Nylon String	Section-C	100000 mtrs. (375 Kgs.)	Once every week
6.	Caustic Soda	Section-C	4 - 5 MT	Fortnightly
7.	Mild Steel Drum	Section-C	100 Drums (2-3 MT)	Weekly twice

ii. Preparation of raw materials in Chemical section-C:

Sl. No.	Description of the job	Quantity
1.	Charging of common salt from godown to brine preparation pit	Daily 6-7 MT, Monthly 250 MT
2.	Charging of 30mm grinding ball into magnetite grinding mills	100-150Kgs/day, monthly 4-5MT
3.	Shifting of stitched filter cloth from Stitching room to Chemical House	24 clothes/month
4.	Flocculent packing in drums and shifting to place of preparation	150-160Kgs/day)/ 4-5MT/ month
5.	Lifting of bags of Precoat material from ground floor to 1 st floor by hoist	1200-1300 Kgs/day (35-40 MT/month)

iii. Preparation of different chemicals, like alum, bleaching powder and barium chloride solution & hydrated lime slurry for WTP & ETP

The job involves shifting of chemicals like alum, bleaching powder, barium chloride from godown to WTP & ETP and shifting of hydrated lime bags from godown to hydrated lime tank area, unloading of these chemicals to respective chemical preparation tank and unloading of hydrated lime bags on conveyor belt. The job is required to be done in both A & B shifts on all 90 working days (including Sundays and Holidays).

Sl. No. Job description Quantity to be handled

1. Preparation of hydrated lime slurry 1- 2 MT/Day
2. Preparation of Bleaching powder solution 130 -150 Kgs./day
3. Preparation of Alum solution 150-250 Kgs./day
4. Preparation of Barium Chloride solution 45-55 Kgs./day
5. Flocal preparation 1.3-1.5 Kgs/day

The quantity and schedule as indicated above is only indicative and may somewhat vary in actual situations.

C. Manpower:

The Contractor will have to engage minimum manpower required as mentioned below without fail – **(Total 5 manpower daily)**

Job description Required Manpower

Job at Sl. No. i) 1 Persons daily (90 days) in general shift.

Job at Sl. No.-ii) 2 Persons daily (on all 90 days) in general shift.

Job at Sl. No.- iii) 1 Person each in A & B shifts daily (on all 90 days) i.e. 2 person daily.

Job: 2

i. The Contractor will have to collect cloths of the worker (regular and contractual) from the defined location of Section-'A' , Section-'B' , Section-'C' and other parts of the plant. The contractor shall have to engage 01 skilled and 01 unskilled person (in general shift) for smooth functioning of the washing facility on all working days (90 working days, including Sundays and holidays)of Jaduguda Mill. The Contractor will have to collect dirty uniforms (Pants/Shirts) from the places specified and after washing & drying distribute the uniform section wise. Contractor will have to provide proper marking on each cloth for its perfect identification. The identification number of cloth workmen wise including his employment number shall be recorded and given to all concerned. The corporation will supply consumables like water, electricity, detergent and laundry machine for the washing purpose as the free issue to them. The dirty cloth after collection, washing & drying shall be returned back normally within 24 hours of collection and maximum within 48 hours of collection on event of any major breakdown with the laundry equipment / power or water unavailability of longer duration of more than 8 hours. The Contractor shall be responsible for washing, drying and return of washed and dried clothes/uniforms.

ii. The Contractor will have to do regular cleaning of washing room and laundry equipment and maintain its neatness. The Contractor will have to give timely information of any problem in the laundry equipment, water/power supply etc. in writing to concerned department for its rectification. Rectification job will be attended only in general shift. The Contractor will have to pay demurrage charges for any loss of cloth of the workmen @ Rs.150/- per piece of good pantand Rs.100/- per piece of good shirt and half of the aforesaid charges in case of torn anddamaged cloths. The Contractor will have to clearly note the extent of damage of a cloth atthe time of acceptance of torn/damaged cloth and get it signed by the concerned workmen to avoid complications at the time of delivery. The Contractor will have to maintain lubrication of the laundry equipment and operate the machine properly.

iii. Quantity of Work

About 200 to 400 pants and shirts each per day distributed over all the four (4) shifts namely A, B, C,& General on all days of Mill Division. The quantity is tentative and may vary to any extend on higher or lower side. No amount shall be paid to the contractor on account of such variation.

iv. Manpower

The contractor shall have to engage 01 skilled and 01 unskilled manpower.
